## LA FOLLETTE TO SHUN THIRD PARTY MEET

### WILL HAVE NOTHING TO DO WITH THE ST. PAUL CONVENTION

HAS EVEN ASKED HIS FRIENDS TO STAY AWAY

LA FOLLETTE'S STATEMENT IN FORM OF LETTER TO H. L. EKERN

(By United Press)  
Washington, May 28.—Senator Robert M. La Follette today declared he will have nothing to do with the so-called third party convention in St. Paul June 17.

He asked his friends to stay away giving as the reason the participation of communist organizations in the St. Paul convention.

At the same time LaFollette made clear that after the old parties' conventions have been held, unless one or both shall have purged themselves of evil influences and nominated progressive candidates, a progressive ticket and platform will be offered the voters.

This is taken to indicate that at a conference of all progressives of all parties in Cleveland, Senator LaFollette will take the field for a nation-wide fight.

#### Statement in Detail

LaFollette's statement today takes the form of a letter to Attorney General H. L. Ekers of Wisconsin, as follows:

"My Dear Mr. Ekers:

"I have your letter of May 17, saying that many of my friends in Wisconsin are anxious to know my attitude toward the Farmer-Labor-Progressive convention called to meet at St. Paul June 17.

"I should not feel it incumbent upon me to declare my attitude except that my name is being used by the promoters of that convention in such a way as to convey the impression that it has my approval and as a result some of my friends in different parts of the country contemplate attending the St. Paul convention. Because of these facts, I feel it my duty to speak my view frankly.

"I have no doubt that very many of those who have participated in bringing about the St. Paul convention have been actuated by the purest desires to promote genuine political and economic progress.

"Nevertheless, in my judgment, the June 17 convention will not command the support of farmers, the workers or other progressives because those who have had charge of the arrangements for this convention have committed the fatal error of making the communists an integral part of their organization.

#### Dictatorship of Proletariat

"The communists have admittedly entered into this political movement not for the purpose of curing by means of ballot the evils which afflict the American people, but only to divide and confuse the progressive movement and create a condition of chaos favorably to their ultimate aims. Their real purpose is to establish by revolutionary action, a dictatorship of the proletariat, which is entirely repugnant to democratic ideals and to all American aspirations. The official declarations of the Workers' Party show clearly that they are seeking to use the Farmer-Labor party of Minnesota and other progressive organizations that have lent their names to this convention as a means of advancing their own ends.

#### Workers' Party of America

"This is shown by an official statement of the Central Executive Committee of the Workers Party of America, as follows:

"(Printed in the Daily Worker—the official organ of the Workers' Party, March 31, 1924.)

"The policy which we adopt in Minnesota will be a prelude for the whole party in relating to the national Farmer-Labor party, when that organization is finally crystallized. It is therefore important that we direct the correct Communist policy in Minnesota as a guide to our whole party for its work inside the

## Americans Enter Race for the New Death Ray

### NATIONALISTS MAY BE IN NEW GERMAN CABINET

(By United Press)  
Berlin, May 28.—Chancellor Marx has accepted the commission offered him at 5 p. m. yesterday by President Ebert, it was officially announced today.

The new cabinet may contain nationalists. Unless present plans miscarry, leaders were to accept a share in the government on the basis of approval of the experts' report. Nationalists have asked the interior, food and economic posts.

### WILLIAM MAHONEY SAYS CONVENTION WILL BE HELD

WILL NOT BE CALLED OFF BECAUSE OF LA FOLLETTE'S STAND

DIVERSE GROUPS OF PROGRESSIVES TO BE REPRESENTED

(By United Press)  
St. Paul, May 28.—The National Farmer-Labor-Progressive convention to be held here June 17, will not be called off on account of the alleged opposition of Senator Robert M. La Follette, William Mahoney, chief organizer told the United Press today.

"Arrangements have all been made for the gathering," he said. "Delegates are expected from every section of the nation.

"The convention will be composed of delegates from diverse groups of progressives who are willing to join a coalition to place a single set of candidates in the field for president and vice-president of the United States on a platform calling for fundamental changes in the laws regarding the railroads, banking, natural resources, and the courts.

"Senator LaFollette is the unanimous choice of those who have expressed themselves, and will doubtless be endorsed unless he directly forbids the use of his name. In that event, some other will be named.

"Communists will constitute but a small fraction of the delegates at the convention, and as long as these are willing to submit to the terms of the coalition, their co-operation is acceptable.

"This convention is not based on doctrinaire theories, but on stern economic realities. Senator LaFollette is evidently the victim of bad counsel, if this report is an expression of his attitude."

Mahoney, a St. Paul labor leader, has been one of the prime movers in the third party arrangements. He has been in Washington and other eastern cities recently looking over the situation. He said those close to Senator LaFollette gave him no intimation of the senator's stand when he was in Washington recently.

The third party convention will have a voting strength of 977. Mahoney said he expects anywhere from 3,000 to 5,000 delegates to be here. Mahoney will likely be temporary chairman of the parley.

### NOW PROHIBITION IS TO BE INVESTIGATED

(By United Press)  
Washington, May 28.—An official investigation of the "success or failure" of prohibition was ordered today by the house committee on illegal liquor traffic in its first meeting since 1919.

A sub-committee was appointed to go into every detail and delve into every phase of the prohibition problem.

The sub-committee was instructed to ascertain, among other things, whether or not consumption of liquor has increased and just to what extent the Eighteenth amendment was being enforced.

### McADOO AGAINST THE FIELD IN MINNESOTA

LINEUP SEEMS ASSURED AT THE DEMOCRATIC STATE CONVENTION

RAMSEY COUNTY DELEGATES FOR GOVERNOR AL SMITH

(By United Press)  
St. Paul, May 28.—It will be William Gibbs McAdoo against the field when Minnesota Democrats meet in state convention here Saturday.

Governor Al Smith of New York will be the choice of the Ramsey county delegates by virtue of the O'Connor machine taking hold of things.

The Smith supporters throughout the state, however, are sending un-instructed delegates to the New York national convention.

St. Louis county elected a solid McAdoo delegation and they are expected to remain favorable to McAdoo throughout.

Reports from county conventions throughout the state indicated McAdoo will have about enough delegates on the floor to control the convention should it come to a showdown. Many who favor McAdoo, however, are willing to send un-instructed delegates, which is about all Smith supporters want.

There seems to be little interest in the county conventions in any candidate for president other than McAdoo and Smith.

Minnesota will send 24 delegates to the national convention.

### NEVADA WILL SUPPORT McADOO

Reno, Nev., May 28.—The Nevada delegation to the democratic convention will support William Gibbs McAdoo for the presidential nomination, although it is not formally pledged. Resolutions endorsing McAdoo were adopted at the democratic state convention here last night.

### RIOT PREVAILS IN HENNEPIN CO. CONVENTION

Minneapolis, May 28.—A dozen burly policemen were called in last night when the Hennepin county democratic convention became riotous.

Two conventions were going on simultaneously in the same room at the West Hotel when delegates split. There was fighting and scuffling in which even women delegates took a hand.

Records and minutes were flung and as a result two sets of delegates will go to the state convention at St. Paul auditorium Saturday. At this convention delegates to the national meeting in New York will be named.

Mrs. F. A. Kingsley, county chairman, called the meeting to order. A. F. Helmick was nominated to be chairman, and some questioned the procedure. Helmick took the platform. Mrs. Kingsley wielded a heavy gavel which she refused to give up. Helmick went out for a slab of board.

At one point Mrs. Kingsley pushed Helmick off the platform. Later Miss Viola Hermes, secretary, posed a pitcher of water over Helmick's head. He saw it in time and avoided a deluge.

Someone turned out the lights. The delegates tangled. Few knew what it was all about, but all agreed it was a fine large evening.

### RED WING HIGH SCHOOL GRADUATION

Red Wing, Min., May 28.—Ninety students will graduate from Red Wing high school tonight. Commencement exercises are to be held at the auditorium, and admissions will be by invitation and ticket. Dr. Julius Boraas of St. Olaf College, Northfield, will deliver the commencement address.

### THIRD PARTY CONVENTION SEEMS DOOMED

(By United Press)  
St. Paul, May 28.—Assailed on all sides, the June 17 third party convention seemed doomed today.

William Mahoney, slated for temporary chairman, asserted the convention will be held regardless. Senator Robert M. La Follette, who probably will be endorsed for presidential nominee, expressly forbids the use of his name, Mahoney declared.

While the convention admittedly will have no legal standing under the primary laws, 31 states will be represented by delegates from labor unions, farmers' organizations, co-operatives, state farmers' parties, state federations of labor, international unions and national working class political parties, he said. The total allotted voting strength of the convention will be 977.

"Everyone is asking questions about the legality of the convention," Mahoney admitted. He said C. A. Hathaway, executive secretary of the temporary organization, is swamped with queries.

He admitted the convention was weakened by the "throw-down" of Senator La Follette. In addition, Fred A. Pike, state chairman of the Farmer-Labor party, declared that the party cannot legally participate in the convention.

Counsel for progressive political action which controls the national conference at Cleveland furnishes chief opposition to the St. Paul parley, Mahoney said. In addition, various railway federations have declined to take part.

Mahoney blamed Basil Manley for La Follette's stand against the convention.

### MEXICAN BORDER GUN PLOT DATA

CLAIMED PAPERS REFERRING TO SUCH ALLEGED ACTIVITIES REMOVED

(By United Press)  
Congress Today  
Senate: Routine bills.  
House: Considers naval construction program.

Washington, May 28.—Confidential department of justice data on alleged Mexican border gun running plots were removed from department files by William J. Burns, former director of the bureau of investigation, Senator Wheeler, Montana, charged today before the senate Daugherty committee.

Wheeler said the committee had searched for several special delivery letters bearing on the "revolutionary plot" and was unable to locate them in department files.

The committee learned, he said, that the documents were removed from the main file room and placed in the confidential files in Burns' office, but could trace them no further.

### \$150,000,000 NAVAL CONSTRUCTION PROGRAM

Washington, May 28.—Enactment of the proposed \$150,000,000 naval construction program will put the American navy in first place among the navies of the world, Representative Britten, Illinois, republican, told the house today in opening debate on the bill.

Britten said the United States was now the ratio 4 to 5 in the 5-4-3 lineup with Great Britain. With the program adopted, he said, the ratio would become 5-4-3, but with the United States leading with 5 to Great Britain's 4 and Japan's 3.

Britten declared this could be done without violation of either the letter or spirit of the arms limitation treaty.

### SAYS "BOB" TAKES COVER OFF THINGS

A. B. GILBERT, STATE MANAGER NONPARTISAN LEAGUE, IN STATEMENT

TENTH CONGRESSIONAL DISTRICT MAKES PUBLIC A RESOLUTION

(By United Press)  
Minneapolis, May 28.—"La Follette takes the cover off the whole conspiracy," A. B. Gilbert, state manager of the Nonpartisan league, declared today, discussing the third party June 17 convention.

"LaFollette's statement is enough vindication for those of us who have been fighting to keep out communist agitation."

"The situation has gone beyond control of progressives of the state," Gilbert said. "They did not grasp the issue, and communists were able to find so many office-seekers who would deal with them that they were enabled to get a foothold. "The only way they can get anywhere is by making a deal as they have done."

The executive committee of the Incorporated Farmer-Labor club of the Tenth Congressional district made public a resolution declaring the June 17 convention "is a movement to allow communists to disrupt the progressive Farmer-Labor movement in the Northwest."

The resolution directed that all support be withdrawn from the convention.

### POLICE RUN UP AGAINST BLANK WALL

(By United Press)  
Chicago, May 28.—While police insisted that they were still up against a blank wall in the hunt for the kidnapers and slayers of Robert Franks, 14, they were fighting efforts to free M. K. Mitchell and Walter Wilson, instructors at a private school attended by the victim.

This afternoon attorneys are scheduled to appear in court with a demand for release of the two men.

Chief of Police Collins said that they would fight to hold the men in custody "for questioning" until such a time as they feel absolutely certain that they had no connection with the affair.

If indications point to the release of the men "we will book one of them in connection with the murder," Collins said.

Several dope addicts and known pervers have been picked up for examination. Other suspects are being picked up hourly and being released as fast. Chief of Detectives Hughes has started his investigation all over again in examining members of the Franks family to determine whether revenge and not ransom or perversion was the motive.

### Rum Padlocks Ordered For a Private Home

Chicago, May 28.—Federal Judge Wilkerson held the padlock provision of the Volstead act is applicable to private homes.

He issued a permanent injunction against the home of John Ostrowsky. However, instead of ordering the house padlocked Judge Wilkerson permitted Ostrowsky to continue living in it under a bond of \$1,000 not to have liquor on the premises.

### NO GRASSHOPPER TROUBLE EXPECTED

Fargo, N. D., May 28.—No widespread grasshopper trouble is expected in North Dakota this year, although local damage may be expected in those areas where these insects caused trouble last year, according to Dr. R. O. Webster, entomologist at the state agricultural college here.

### INSTRUCTIONS TO LODGE A SOLEMN PROTEST

(By United Press)  
Tokio, May 28.—The cabinet today decided to instruct Ambassador Hanhara in Washington to lodge a "solemn protest" with the United States government because of adoption of the immigration law with the Japanese exclusion clause.

Simultaneously the foreign office issued a statement referring to the provisions of the exclusion clause and deeply regretting its passage "despite the Japanese protestations."

### "THE FARMER-LABOR PARTY LEGALLY CAN NOT PARTICIPATE"

FRED A. PIKE, ITS STATE CHAIRMAN, MAKES SUCH DECISION

LA FOLLETTE LETTER, SAYS MR. PIKE, BACKS UP LATTER'S JUDGMENT

(By United Press)  
St. Paul, May 28.—The Minnesota Farmer-Labor party cannot legally participate in the so-called national third party convention here June 17, Fred A. Pike, state chairman, indicated today.

"The Farmer-Labor party of Minnesota has no national affiliation, and cannot be bound by the action of any other convention," he told the United Press today. He will hold the party aloof from any other action.

The letter of Senator LaFollette advising his friends against participation in the third party meeting confirms his judgment that the Farmer-Labor party, which originated in Minnesota, must decide on its own choice for president, Pike said.

"I have Senator LaFollette's letter," read his formal statement. "In my opinion the progressive sentiment of Minnesota is practically unanimous for LaFollette for president, and his willingness to accept depends on the steps to be taken in promoting his candidacy."

"As to the Farmer-Labor party of Minnesota and its relations to the national convention, the party will undoubtedly hold a state convention to nominate electors for president. That state convention, composed of delegates elected by the voters of the party in the usual way, will nominate presidential electors and these will appear on the ballot in November with the Farmer-Labor designation.

"The candidates so elected will, of course, be in agreement with the sentiment of the convention by which they were nominated, so that practically that state convention will be the means by which the Farmer-Labor party of Minnesota will decide upon its choice for president."

"At this time it seems certain that the presidential electors so nominated by the state convention will be instructed for LaFollette. When that is done, the state body will for the first time formally enter upon the national campaign. Until that time the Farmer-Labor party of Minnesota has no national affiliation and cannot be bound by the action of any other convention."

The third party originated in Minnesota in 1918. In the 1920 campaign it attained legal status as a political party. Senators Henrik Shipstead and Magnus Johnson were elected by the party as such, and both are understood to have shied at the third party convention to be held here next month.

The so-called third party convention was called by a convention of 41, representing liberals in the workers' party and from the ranks of

### INVENTOR CLAIMS WRITTEN OFFER FROM THE U. S. A.

SCIENTISTS ARE ASKING GRINDELL MATHEWS FOR PARTICULARS

AMERICAN NAVAL ATTACHES TO INVESTIGATE HIS CLAIMS

(By United Press)  
Paris, May 28.—Americans have entered the race to obtain the secret of Grindell Mathews' death ray, Mathews said today. With Great Britain, the inventor's own country, and France in competition for what is claimed may revolutionize war and make the nation which holds it supreme. Mathews today announced that he had received a written offer from the United States.

Other reports said the National Academy of Scientists at Washington had cabled the inventor asking particulars and that American naval attaches here had been ordered to investigate Mathews' claims.

American officials here denied that the United States government was in any way interested in the ray. The inventor kept in hiding all day, possibly for the purpose of avoiding process servers.

### FULL STATEMENT PROMISED PARLIAMENT.

London, May 28.—A full statement regarding the Grindell Mathews death ray was promised for today in the House of Commons.

Under-Secretary Leach of the air ministry was to report the government findings. Meanwhile newspapers published a large advertisement in which Grindell Mathews gives a testimonial for a patent medicine: "It helps me when I am engaged in arduous mental work."

### FRANCE LIKELY TO BUY DEATH RAY

London, May 28.—France appears likely to get the death ray invented by Grindell Mathews, a Britisher.

Angered by his own government's low offer for the alleged diabolical invention, which may revolutionize warfare, Mathews packed his bags in a huff and announced he was taking an airplane to Paris at noon to do business with the French government.

Some skepticism on the part of the British air ministry appeared to have added to the inventor's indignation. After two hours' demonstration yesterday, held in secret behind barred and guarded doors at Mathews' laboratory, officials of the ministry reported to the government on the merits of the death ray.

The government communicated with Mathews, proposing "another simple, but more conclusive test."

The inventor said today that the British government had offered him only 1,000 pounds for the secret and had made its offer conditional upon further successful tests.

In great indignation he flatly refused.

Mathews said he is sorry his own country is not to get the death ray, which he claims can kill men at great distances, bring down airplanes and put warships out of commission.

Meanwhile it develops that the air ministry has been experimenting with a death ray all its own, on which progress has been made.

As a parting ultimatum, just before he took off in an airplane for Paris, Mathews announced he had relented and would give the British government until Friday to accept or reject his invention.

progressives, liberals, the Nonpartisan league and farmer-laborites.

Mr. Pike is a candidate for chief justice of the supreme court with the Farmer-Labor endorsement.

## LA FOLLETTE TO SHUN THIRD PARTY MEET

### WILL HAVE NOTHING TO DO WITH THE ST. PAUL CONVENTION

HAS EVEN ASKED HIS FRIENDS TO STAY AWAY

#### LA FOLLETTE'S STATEMENT IN FORM OF LETTER TO H. L. EKERN

(By United Press)  
Washington, May 28.—Senator Robert M. La Follette today declared he will have nothing to do with the so-called third party convention in St. Paul June 17. He asked his friends to stay away giving as the reason the participation of communist organizations in the St. Paul convention.

At the same time LaFollette made clear that after the old parties' conventions have been held, unless one or both shall have purged themselves of evil influences and nominated progressive candidates, a progressive ticket and platform will be offered the voters.

This is taken to indicate that at a conference of all progressives of all parties in Cleveland, Senator LaFollette will take the field for a nation-wide fight.

#### Statement in Detail

LaFollette's statement today takes the form of a letter to Attorney General H. L. Ekers of Wisconsin, as follows:

"My Dear Mr. Ekers:  
"I have your letter of May 17, saying that many of my friends in Wisconsin are anxious to know my attitude toward the Farmer-Labor-Progressive convention called to meet at St. Paul June 17.

"I should not feel it incumbent upon me to declare my attitude except that my name is being used by the promoters of that convention in such a way as to convey the impression that it has my approval and as a result some of my friends in different parts of the country contemplate attending the St. Paul convention. Because of these facts, I feel it my duty to speak my view frankly.

"I have no doubt that very many of those who have participated in bringing about the St. Paul convention have been actuated by the purest desires to promote genuine political and economic progress.

"Nevertheless, in my judgment, the June 17 convention will not command the support of farmers, the workers or other progressives because those who have had charge of the arrangements for this convention have committed the fatal error of making the communists an integral part of their organization.

#### Dictatorship of Proletariat

"The communists have admittedly entered into this political movement not for the purpose of curing by means of ballot the evils which afflict the American people, but only to divide and confuse the progressive movement and create a condition of chaos favorably to their ultimate aims. Their real purpose is to establish by revolutionary action, a dictatorship of the proletariat, which is entirely repugnant to democratic ideals and to all American aspirations. The official declarations of the Workers' Party show clearly that they are seeking to use the Farmer-Labor party of Minnesota and other progressive organizations that have lent their names to this convention as a means of advancing their own ends.

#### Workers' Party of America

"This is shown by an official statement of the Central Executive Committee of the Workers Party of America, as follows:

"(Printed in the Daily Worker—the official organ of the Workers' Party, March 31, 1924.)

"The policy which we adopt in Minnesota will be a prelude for the whole party in relating to the national Farmer-Labor party, when that organization is finally crystallized. It is therefore important that we direct the correct Communist policy in Minnesota as a guide to our whole party for its work inside the

### NATIONALISTS MAY BE IN NEW GERMAN CABINET

(By United Press)  
Berlin, May 28.—Chancellor Marx has accepted the commission offered him at 5 p. m. yesterday by President Ebert, it was officially announced today.

The new cabinet may contain nationalists. Unless present plans miscarry, leaders were to accept a share in the government on the basis of approval of the experts' report. Nationalists have asked the interior, food and economic posts.

### WILLIAM MAHONEY SAYS CONVENTION WILL BE HELD

#### WILL NOT BE CALLED OFF BECAUSE OF LA FOLLETTE'S STAND

#### DIVERSE GROUPS OF PROGRESSIVES TO BE REPRESENTED

(By United Press)  
St. Paul, May 28.—The National Farmer-Labor-Progressive convention to be held here June 17, will not be called off on account of the alleged opposition of Senator Robert M. La Follette, William Mahoney, chief organizer told the United Press today.

"Arrangements have all been made for the gathering," he said. "Delegates are expected from every section of the nation.

"The convention will be composed of delegates from diverse groups of progressives who are willing to join a coalition to place a single set of candidates in the field for president and vice-president of the United States on a platform calling for fundamental changes in the laws regarding the railroads, banking, natural resources, and the courts.

"Senator LaFollette is the unanimous choice of those who have expressed themselves, and will doubtless be endorsed unless he directly forbids the use of his name. In that event, some other will be named.

"Communists will constitute but a small fraction of the delegates at the convention, and as long as these are willing to submit to the terms of the coalition, their co-operation is acceptable.

"This convention is not based on doctrinaire theories, but on stern economic realities. Senator LaFollette is evidently the victim of bad counsel, if his report is an expression of his attitude."

Mahoney, a St. Paul labor leader, has been one of the prime movers in the third party arrangements. He has been in Washington and other eastern cities recently looking over the situation. He said those close to Senator LaFollette gave him no intimation of the senator's stand when he was in Washington recently.

The third party convention will have a voting strength of 977. Mahoney said he expects anywhere from 3,000 to 5,000 delegates to be here. Mahoney will likely be temporary chairman of the parley.

### NOW PROHIBITION IS TO BE INVESTIGATED

(By United Press)  
Washington, May 28.—An official investigation of the "success or failure" of prohibition was ordered today by the house committee on illegal liquor traffic in its first meeting since 1919. A sub-committee was appointed to go into every detail and delve into every phase of the prohibition problem.

The sub-committee was instructed to ascertain, among other things, whether or not consumption of liquor has increased and just to what extent the Eighteenth amendment was being enforced.

### McADOO AGAINST THE FIELD IN MINNESOTA

#### LINEUP SEEMS ASSURED AT THE DEMOCRATIC STATE CONVENTION

#### RAMSEY COUNTY DELEGATES FOR GOVERNOR AL. SMITH

(By United Press)  
St. Paul, May 28.—It will be William Gibbs McAdoo against the field when Minnesota Democrats meet in state convention here Saturday.

Governor Al. Smith of New York will be the choice of the Ramsey county delegates by virtue of the O'Connor machine taking hold of things.

The Smith supporters throughout the state, however, are sending uninvited delegates to the New York national convention.

St. Louis county elected a solid McAdoo delegation and they are expected to remain favorable to McAdoo throughout.

Reports from county conventions throughout the state indicated McAdoo will have about enough delegates on the floor to control the convention should it come to a showdown. Many who favor McAdoo, however, are willing to send uninvited delegates, which is about all Smith supporters want.

There seems to be little interest in the county conventions in any candidate for president other than McAdoo and Smith.

Minnesota will send 24 delegates to the national convention.

### NEVADA WILL SUPPORT McADOO

Reno, Nev., May 28.—The Nevada delegation to the democratic convention will support William Gibbs McAdoo for the presidential nomination, although it is not formally pledged. Resolutions endorsing McAdoo were adopted at the democratic state convention here last night.

### RIOT PREVAILS IN HENNEPIN CO. CONVENTION

Minneapolis, May 28.—A dozen burly police-men were called in last night when the Hennepin county democratic convention became riotous.

Two conventions were going on simultaneously in the same room at the West Hotel when delegates split. There was fighting and scuffling in which even women delegates took a hand.

Records and minutes were flung and as a result two sets of delegates will go to the state convention at St. Paul auditorium Saturday. At this convention delegates to the national meeting in New York will be named.

Mrs. F. A. Kingsley, county chairman, called the meeting to order. A. F. Helmick was nominated to be chairman, and some questioned the procedure. Helmick took the platform. Mrs. Kingsley wielded a heavy gavel which she refused to give up. Helmick went out for a slab of board.

At one point Mrs. Kingsley pushed Helmick off the platform. Later Miss Viola Hermes, secretary, poised a pitcher of water over Helmick's head. He saw it in time and avoided a deluge.

Someone turned out the lights. The delegates tangled. Few knew what it was all about, but all agreed it was a fine large evening.

### RED WING HIGH SCHOOL GRADUATION

Red Wing, Min., May 28.—Ninety students will graduate from Red Wing high school tonight. Commencement exercises are to be held at the auditorium, and admissions will be by invitation and ticket. Dr. Julius Boraas of St. Olaf College, Northfield, will deliver the commencement address.

### THIRD PARTY CONVENTION SEEMS DOOMED

(By United Press)  
St. Paul, May 28.—Assailed on all sides, the June 17 third party convention seemed doomed today.

William Mahoney, slated for temporary chairman, asserted the convention will be held regardless.

Senator Robert M. La Follette, who probably will be endorsed for presidential nominee, expressly forbids the use of his name, Mahoney declared.

While the convention admittedly will have no legal standing under the primary laws, 31 states will be represented by delegates from labor unions, farmers' organizations, co-operatives, state farmers' parties, state federations of labor, international unions and national working class political parties, he said. The total allotted voting strength of the convention will be 977.

"Everyone is asking questions about the legality of the convention," Mahoney admitted. He said C. A. Hathaway, executive secretary of the temporary organization, is swamped with queries.

He admitted the convention was weakened by the "throw-down" of Senator La Follette. In addition, Fred A. Pike, state chairman of the Farmer-Labor party, declared that the party cannot legally participate in the convention.

Counsel for progressive political action which controls the national conference at Cleveland furnishes chief opposition to the St. Paul parley, Mahoney said. In addition, various railway federations have declined to take part.

Mahoney blamed Basil Manley for La Follette's stand against the convention.

### MEXICAN BORDER GUN PLOT DATA

#### CLAIMED PAPERS REFERRING TO SUCH ALLEGED ACTIVITIES REMOVED

(By United Press)

#### Congress Today

Senate: Routine bills.  
House: Considers naval construction program.

Washington, May 28.—Confidential department of justice data on alleged Mexican border gun running plots were removed from department files by William J. Burns, former director of the bureau of investigation, Senator Wheeler, Montana, charged today before the senate Daugherty committee.

Wheeler said the committee had searched for several special delivery letters bearing on the "revolutionary plot" and was unable to locate them in department files.

The committee learned, he said, that the documents were removed from the main file room and placed in the confidential files in Burns' office, but could trace them no further.

### \$150,000,000 NAVAL CONSTRUCTION PROGRAM

Washington, May 28.—Enactment of the proposed \$150,000,000 naval construction program will put the American navy in first place among the navies of the world, Representative Britten, Illinois, republican, told the house today in opening debate on the bill.

Britten said the United States was now the ratio 4 to 5 in the 5-4-3 lineup with Great Britain. With the program adopted, he said, the ratio would become 5-4-3, but with the United States leading with 5 to Great Britain's 4 and Japan's 3.

Britten declared this could be done without violation of either the letter or spirit of the arms limitation treaty.

#### TENTH CONGRESSIONAL DISTRICT MAKES PUBLIC A RESOLUTION

(By United Press)  
Minneapolis, May 28.—"La Follette takes the cover off the whole conspiracy," A. B. Gilbert, state manager of the Nonpartisan league, declared today, discussing the third party June 17 convention.

"LaFollette's statement is enough vindication for those of us who have been fighting to keep out communist agitation."

"The situation has gone beyond control of progressives of the state," Gilbert said. "They did not grasp the issue, and communists were able to find so many office-seekers who would deal with them that they were enabled to get a foothold.

"The only way they can get anywhere is by making a deal as they have done."

The executive committee of the Incorporated Farmer-Labor club of the Tenth Congressional district made public a resolution declaring the June 17 convention "is a movement to allow communists to disrupt the progressive Farmer-Labor movement in the Northwest."

The resolution directed that all support be withdrawn from the convention.

### POLICE RUN UP AGAINST BLANK WALL

(By United Press)

Chicago, May 28.—While police insisted that they were still up against a blank wall in the hunt for the kidnapers and slayers of Robert Franks, 14, they were fighting efforts to free M. K. Mitchell and Walter Wilson, instructors at a private school attended by the victim.

This afternoon attorneys are scheduled to appear in court with a demand for release of the two men.

Chief of Police Collins said that they would fight to hold the men in custody "for questioning" until such a time as they feel absolutely certain that they had no connection with the affair.

If indications point to the release of the men "we will book one of them in connection with the murder," Collins said.

Several dope addicts and known perverts have been picked up for examination. Other suspects are being picked up hourly and being released as fast. Chief of Detectives Hughes has started his investigation all over again in examining members of the Franks family to determine whether revenge and not ransom or perversion was the motive.

### Rum Padlocks Ordered For a Private Home

Chicago, May 28.—Federal Judge Wilkerson held the padlock provision of the Volstead act is applicable to private homes.

He issued a permanent injunction against the home of John Ostrowsky.

However, instead of ordering the house padlocked Judge Wilkerson permitted Ostrowsky to continue living in it under a bond of \$1,000 not to have liquor on the premises.

### NO GRASSHOPPER TROUBLE EXPECTED

Fargo, N. D., May 28.—No widespread grasshopper trouble is expected in North Dakota this year, although local damage may be expected in those areas where these insects caused trouble last year, according to Dr. R. O. Webster, entomologist at the state agricultural college here.

### INSTRUCTIONS TO LODGE A SOLEMN PROTEST

(By United Press)  
Tokio, May 28.—The cabinet today decided to instruct Ambassador Hanthara in Washington to lodge a "solemn protest" with the United States government because of adoption of the Immigration law with the Japanese exclusion clause.

Simultaneously the foreign office issued a statement referring to the provisions of the exclusion clause and deeply regretting its passage "despite the Japanese protestations."

### "THE FARMER-LABOR PARTY LEGALLY CAN NOT PARTICIPATE"

#### FRED A. PIKE, ITS STATE CHAIRMAN, MAKES SUCH DECISION

#### LA FOLLETTE LETTER, SAYS MR. PIKE, BACKS UP LATTER'S JUDGMENT

(By United Press)

St. Paul, May 28.—The Minnesota Farmer-Labor party cannot legally participate in the so-called national third party convention here June 17, Fred A. Pike, state chairman, indicated today.

"The Farmer-Labor party of Minnesota has no national affiliation, and cannot be bound by the action of any other convention," he told the United Press today. He will hold the party aloof from any other action.

The letter of Senator LaFollette advising his friends against participation in the third party meeting confirms his judgment that the Farmer-Labor party, which originated in Minnesota, must decide on its own choice for president, Pike said.

"I have Senator LaFollette's letter," read his formal statement. "In my opinion the progressive sentiment of Minnesota is practically unanimous for LaFollette for president, and his willingness to accept depends on the steps to be taken in promoting his candidacy."

"As to the Farmer-Labor party of Minnesota and its relations to the national convention, the party will undoubtedly hold a state convention to nominate electors for president. That state convention, composed of delegates elected by the voters of the party in the usual way, will nominate presidential electors and these will appear on the ballot in November with the Farmer-Labor designation.

"The candidates so elected will, of course, be in agreement with the sentiment of the convention by which they were nominated, so that practically that state convention will be the means by which the Farmer-Labor party of Minnesota will decide upon its choice for president.

"At this time it seems certain that the presidential electors so nominated by the state convention will be instructed for LaFollette. When that is done, the state body will for the first time formally enter upon the national campaign. Until that time the Farmer-Labor party of Minnesota has no national affiliation and cannot be bound by the action of any other convention."

The third party originated in Minnesota in 1918. In the 1920 campaign it attained legal status as a political party. Senators Henrik Shipstead and Magnus Johnson were elected by the party as such, and both are understood to have shied at the third party convention to be held here next month.

The so-called third party convention was called by a convention of 41, representing liberals in the workers' party and from the ranks of

### INVENTOR CLAIMS WRITTEN OFFER FROM THE U. S. A.

#### SCIENTISTS ARE ASKING GRINDLE MATHEWS FOR PARTICULARS

#### AMERICAN NAVAL ATTACHES TO INVESTIGATE HIS CLAIMS

(By United Press)  
Paris, May 28.—Americans have entered the race to obtain the secret of Grindell Mathews' death ray, Mathews said today. With Great Britain, the inventor's own country, and France in competition for what is claimed may revolutionize war and make the nation which holds it supreme. Mathews today announced that he had received a written offer from the United States.

Other reports said the National Academy of Scientists at Washington had cabled the inventor asking particulars and that American naval attaches here had been ordered to investigate Mathews' claims.

American officials here denied that the United States government was in any way interested in the ray. The inventor kept in hiding all day, possibly for the purpose of avoiding process servers.

#### FULL STATEMENT PROMISED PARLIAMENT.

London, May 28.—A full statement regarding the Grindell Mathews death ray was promised for today in the House of Commons.

Under-Secretary Leach of the air ministry was to report the government findings. Meanwhile newspapers published a large advertisement in which Grindell Mathews gives a testimonial for a patent medicine:

"It helps me when I am engaged in arduous mental work."

#### FRANCE LIKELY TO BUY DEATH RAY

London, May 28.—France appears likely to get the death ray invented by Grindell Mathews, a Britisher.

Angered by his own government's low offer for the alleged diabolical invention, which may revolutionize warfare, Mathews packed his bags in a huff and announced he was taking an airplane to Paris at noon to do business with the French government.

Some skepticism on the part of the British air ministry appeared to have added to the inventor's indignation. After two hours' demonstration yesterday, held in secret behind barred and guarded doors at Mathews' laboratory, officials of the ministry reported to the government on the merits of the death ray.

The government communicated with Mathews, proposing "another simple, but more conclusive test."

The inventor said today that the British government had offered him only 1,000 pounds for the secret and had made its offer conditional upon further successful tests.

In great indignation he flatly refused.

Mathews said he is sorry his own country is not to get the death ray, which he claims can kill men at great distances, bring down airplanes and put warships out of commission.

Meanwhile it develops that the air ministry has been experimenting with a death ray all its own, on which progress has been made.

As a parting ultimatum, just before he took off in an airplane for Paris, Mathews announced he had reluctantly and would give the British government until Friday to accept or reject his invention.

progressives, liberals, the Nonpartisan league and farmer-laborites.

Mr. Pike is a candidate for chief justice of the supreme court with the Farmer-Labor endorsement.

## 50,000 MILE HIKERS HERE

Mr. and Mrs. R. E. Baxter Arrived  
in City Under Unique  
Conditions

STARTED IN WASHINGTON, D. C.

Have a Most Interesting Story of all  
Their Varied Experiences

Mr. and Mrs. R. E. Baxter, who are on a 50,000 mile hike under unique conditions, arrived in Brainerd Monday afternoon, completing thereby 27,527 miles of their journey which started in Washington, D. C., on December 14th, 1921.

The hikers tell an interesting story of experiences they have met, hardships and pleasures, ranging from robbery by Mexican bandits to being attacked by Canadian timber wolves in the line of hardships, and the meeting of interesting and important personages in the line of pleasure.

Mr. Baxter was discharged from a government hospital in an unimproved condition. Because physicians were unable to do anything for him, they recommended outdoor life as a last resort. A friend being interested in the case made the proposition that the Baxters start with one cent, make all expenses on the trip, and return with the original penny; that they do not solicit rides, but may accept "lifts" if offered voluntarily; they may take street cars to city limits, but cannot ride trains except through heavy swamp lands. If these conditions are followed and the 50,000 mile journey completed in seven years this friend gives the travelers a prize of \$10,000.

Mr. Baxter is a member of Monahan Post No. 64, American Legion, of Sioux City, Iowa. He was in the second division, headquarters department during the war.

The Baxters keep a book of autographs of notable people they meet in which are included those of President Warren G. Harding, Woodrow Wilson, Lord Byng, Lloyd George, Paderewski, Charles Chaplin and most of the governors in the United States.

The mileage is computed by reference to a book containing postmarks affixed by the postmasters in the places through which the hikers travel. This book now contains more than six thousand such postmarks.

The long tramp has led the Baxters through every state in the union except North Dakota, toward which they are now bound. Mexico, Canada and Cuba have been visited. The travelers plan to sail from San Francisco late in the summer for the Orient where the hike will be resumed through Asia and Europe, coming back to the United States by way of England and then by ocean liner to New York, thus traversing the globe, for the most part, on foot.

That the outdoor life has been of great benefit to both Mr. and Mrs. Baxter is very evident. When the journey was started two and a half years ago, Mr. Baxter weighed 117 pounds. At that time he was too weak to dress himself or carry any of the equipment of the hike. Today he claims to be able to do six hours heavy work a day, and tips the scales at 160 pounds. Mrs. Baxter weighed 113 pounds when the tramp was started and now weighs about 140 pounds. Their hiking equipment includes two sleeping

bags, a complete cooking outfit, food and wearing apparel.

From Brainerd the Baxters will go to Hibbing and other iron range towns then work west through North Dakota and toward San Francisco.

## GRIMM'S SERVICES RECOGNIZED

Memorial Will be Erected to Honor  
Man Who Gave the World a  
Hardy Alfalfa

Peter Gidson, a Lake Minnetonka pioneer, gave to posterity the Wealthy apple, and a grateful people have since kept his memory green and erected a monument in his honor.

Wendelin Grimm, an unknown German immigrant, settled in Carver county, not far from the home of Gideon, and gave to Minnesota and the world that hardy variety of alfalfa which now bears his name. A grateful people now propose that a lasting memorial be erected for him on the farm in which he developed his alfalfa from a handful of seed brought by him from Baden, Germany.

The memorial will be in the form of a mammoth boulder to which will be attached a bronze tablet in honor of Grimm. This will be set up by the Minnesota Grimm Alfalfa Growers' association on the Ferdinand Turk farm in Carver county, on or near the field on which Grimm sowed his alfalfa seed and from which profitable crops are still being harvested from the plants which sprang from the original stock.

The monument will be unveiled and a program presented on Tuesday, June 19. Farmers, college and business men and all persons interested will be invited to assemble at the park in Excelsior, Lake Minnetonka, the morning of June 19. At 10:30 the company will drive to the Turk farm for the unveiling.

## CHAMBER COMMERCE MEETS WEDNESDAY

Many Important Matters to Come Before the Association  
Tomorrow

DAIRY SIRE COMMITTEE

Tourist Park Matters Are Also to be Discussed at the Chamber

The Chamber of Commerce will hold its regular meeting this evening. There are a number of important matters to come before the meeting, and it is hoped that there will be a large number of the members in attendance.

The special dairy sire committee will have an interesting report to make, as will also the committee in charge of the proposed athletic park. It is expected that the matter of the tourist park will also be brought up for action.

## BRAINERD COUNTRY CLUB OPENING

Golf Course to Stage Home Tournament Starting 2 P. M., on Memorial Day

18 HOLE MEDAL PLAY

Proper Handicap for Players' Ability and Equal Chance

On Friday, Memorial Day, the Brainerd Country Club will officially open its gold course with a "Home Tournament" starting at two o'clock in the afternoon.

E. J. Egan, chairman of the tournament committee, is in charge of this event and members are requested to be on hand early with their golf clubs, reporting to him, ready for play.

This tournament will be an 18-hole medal play handicap. It makes no difference whether the player is a novice or an old timer at the game, he will be given the proper handicap

for his ability and an equal chance with all opponents.

men's event. Dr. W. A. Erickson is in charge of this match and he reports that a large number of the ladies have already signed up to play.

The nine-hole medal handicap match for the ladies will follow the Refreshments will be served on grounds by the social committee. The grounds will not be open for play during the morning, because of the Memorial Day exercises which all members are urged to attend.

On Sunday, June 1st, Brainerd and Little Falls will combine and play the St. Cloud club at the Granite City. This will no doubt prove one of the most enjoyable and interesting events of the season, and members of the local club are advised to make the trip, whether they intend to play or not. Play will start promptly at two o'clock.

The Central Minnesota Golf association's annual tournament is to be held at St. Cloud on July 5th, 6th and 7th. Brainerd has been extended an invitation to attend, and to play. Local players who expect to be present at this big event are asked to get in touch with the club's tournament committee or its chairman, E. J. Egan, not later than July 1st.

## SCHOOL OF INTERNATIONAL RELATIONS

JULIUS H. BARNES, president of the United States Chamber of Commerce, and well known in Duluth where he makes his home, is one of the foremost advocates of the proposed memorial to Walter Hines Page—a graduate school of international relations—to be established at Johns Hopkins University.

Recognizing the need for a complete graduate school which will "do in its field what post-graduate schools have already done for medicine and law—provide a more systematic science for right between nations and better trained men," more than three-score of the nation's leading educators, publicists, jurists and men of world affairs have enlisted in the movement with Mr. Barnes.

President Coolidge, Secretary Hughes and Secretary Hoover have expressed their approval of the project. Apart from the opportunity the school will afford students of all nations, as well as our own, of completing their studies preparatory to entering public life or the diplomatic service, it will provide the nation with the first research bureau designed to conduct investigation on an extensive basis into the fundamental principles governing international life. Publication of results of these investigations is planned, from time to time, so as to acquaint the people of the nation with the factors that aggravate international discord, or promote international amity.

It is in effect a preparatory experience for one wishing to enter diplomatic service and it would not harm many an untried appointee in such service to take such a course, instead of plunging headlong into a position where a wrong phrase or an unhappy word may plunge two nations into strained relations. It will also assist every graduate to get a clear conception of this nation's history in diplomatic affairs, its objects and desired accomplishments.

## RAILWAY INTERESTED IN FARMING

As agriculture is one of the big industries along the Northern Pacific railway, that corporation shows its interest in the furthering and development of that basic occupation by putting in charge of its development program men of great experience.

John Haw, formerly agricultural county agent leader of North Dakota, will have charge of the railroad's agricultural program in Minnesota and North Dakota. Mr. Haw organized the North Dakota wool pool, led an effective campaign against the sow thistle in the Red River valley and has been a moving figure in many large improvement projects in North Dakota.

W. P. Stapleton, Montana agricultural county agent leader, will have charge of the development work in Montana. He taught agriculture in high schools in Renville and Akeley.

President Charles Donnelly, of the Northern Pacific railway company, was particularly interested in Brainerd's "Better Sires Day," as it showed cooperation between town and countryside, Chamber of Commerce and the farmers, and marked the inauguration of a well thought out and executed plan to improve the dairy herds of the county. In his address President Donnelly designated it the "Brainerd plan" and it will be so given publicity all along the railway's territory, as offering an inspiration to other communities in adopting a "self-help" principle which insures sustained interest, inspection, and at the end of two years a re-apportionment of the animals given for use.

## BRAINERD'S CHAUTAUQUA PROGRAM

BRAINERD'S Chautauqua season will cover the dates, June 23, 24, 25, 26 and 27. The local officers of this independent Chautauqua are President H. F. Michael, Vice President W. H. Gemmell, Secretary G. E. Lammon and Treasurer A. S. Peterson.

The committee heads are Chairman Program Committee W. C. Cobb; Chairman Ticket Committee S. R. Adair; Chairman Publicity Committee John A. Hoffbauer; Chairman Tent and Grounds Committee Walter M. Murphy.

The directors are the officers and chairmen named and D. H. Fullerton and W. H. Cleary.

The Chautauqua program last year proved a happy surprise to the entire community. The plan of having an independent Chautauqua managed and controlled by local citizens and at the same time cooperating with a large number of other big independent Chautauquas in the securing of talent, made possible this unusual success.

It is expected to be far more successful this year. The music is better than ever, the entertainers are superb, and the lecturers among the best appearing on the American platform.

Everybody is urged to give the Chautauqua their undivided and enthusiastic support. Let us make it the greatest Chautauqua we have ever had.

## GATE CRASHER SUPREME

THE title of king of gate crashers has been bestowed on "One-Eyed" Connolly. No affair of any magnitude seems to withstand the approach of this person. He travels with no expense whatever, and seems wholly care-free. His wander lust pushes him from coast to coast.

Among the new gates to be "crashed," as jotted down in his book of engagements, are the Indianapolis automobile races, the Carpenter-Gibbons fight. The custodian of a gate is supposed to be a hard-hearted individual, but in some way or another Connolly seems to flit in and is soon numbered among those present.

So far Connolly has kept all his experiences to himself, save when some newspaper writes him up. Some time or another he may bob up on a lecture platform and as his pay will depend on receipts, you will find him opposed to any one using his present tactics and "butting in" free on all big shows.

It costs something to support a metropolitan orchestra. The Symphony Orchestra of Minneapolis seeks a \$450,000 guarantee, being \$150,000 a year for three years.

THE Alpine club of Minneapolis keeps in training by climbing stairs. An imitation of a ride on an avalanche may be given by sliding down the banisters.

BRAINERD coal dealers certainly enjoyed a long season this year. We are afraid to commit any more levy for fear we'll have to buy another ton.

## LA FOLLETTE TO SHUN THIRD PARTY MEET

(Continued from page 1)

Farmer-Labor party throughout the country.

"The Workers' Party prides itself in being a Communist party. That means that it considers its work to build up and lead the forces which will bring about a proletarian revolution, in the United States, and establish a soviet form of government and the dictatorship of the proletariat.

"Central Executive Committee, 'C. E. Ruthenberg, Secretary.'

Another Statement Published

"Progressives inclined to attend the June 17 convention should also consider the statement published in the Daily Worker, May 16, 1924, by the Central Executive Committee of the Workers' Party of America over the signatures of C. Z. Foster, chairman, and C. E. Ruthenberg, executive secretary: 'In order to settle the question of which the Farmer-Labor united front, was a policy that a communist party, such as the Workers' Party, should put into effect, and in support of which it should throw all its strength, the Central Executive committee of the Workers' Party submitted this question to the Communist Internationale (Moscow) with which it is affiliated as a fraternal organization.

"The view of the Communist Internationale in this question is expressed in the following cablegram:

"'Communist Internationale' considers June 17 convention momentous importance for Workers' Party. Urges C. E. C. not to slacken activities preparation June 17. Utilize every available force to make St. Paul convention great representative gathering Labor and Left Wing. Executive Committee, Communist Internationale.'

## Strategic Position Secured

"The Communist organization in America, thus acting under orders of the Communist Internationale at Moscow will not only participate in the St. Paul convention June 17, but has already secured the strategic position in the direction of that convention.

"C. A. Hathaway, the secretary-treasurer of the committee, on arrangements for the St. Paul convention, is an avowed communist and was a delegate to the third Internationale convention held in Chicago, December 30, 1923. All credentials for the St. Paul convention are made returnable to Hathaway as secretary, and as treasurer he controls its funds. Joseph Manley, son-in-law of W. Z. Foster, is also a member of the committee on arrangements.

"Although the national communist organization, as such, may be only granted five voting delegates in the St. Paul convention, the base tends to give it control. Reliable information shows a large number of communist delegates will be present at St. Paul with duly authorized credentials.

## Confidence in American People

"Reposing complete confidence in the soundness of the deliberate judgment of the American people, I have no apprehension that the communist party can ever command any considerable support in this country. I do not question their right under the constitution to submit their issues to the people, but I most emphatically protest against their being admitted into the councils of any body of progressive voters.

"The Communists stand for the substitution of the soviet form of government for the one we now have and propose to accomplish this change through a revolution with a class dictatorship as their ultimate aim, instead of a democracy. Their pretense that the Communists can work with the progressives who believe in democracy is deliberately to deceive the public. The Communists are antagonistic to the progressive cause, and their only purpose in joining such a movement is to disrupt it. 'Not only are the Communists the mortal enemies of the progressive and democratic ideals, but under the cloak of such extremists the reactionary interests find the best opportunity to plant their spies and provocative agents for the purpose of confusing and destroying true progressive movements.

## Solve Problems by Ballot

"I have devoted many years of my life to an effort to solve the problems which confront the American people by the ballot and not by force. I believe that the people through the ballot can completely control their government in every branch, and compel it to serve them effectively. I have fought steadfastly to achieve this end and I shall not abandon this fight as long as I may live. I believe, therefore, that all progressives should refuse to participate in any movement which makes common

cause with any communist organization.

"There is no doubt but that the people have come to understand that private monopolies control the official machinery of both the democratic and republican parties. Recent public scandals such as the war frauds, the chipping board, Teapot and other oil leases, the veterans' bureau, the alien property custodian, the degradation of the department of justice, under both democratic and republican administrations and the endless frauds and corruptions in connection with taxation and prohibition enforcement are but evidences of such control of party machinery by lawless and predatory interests.

"The approaching democratic and republican conventions will demonstrate to the people whether either of these parties can and will purge itself of the evil influences which have long dominated them. This cannot be accomplished by merely nominating some alleged progressives and filling the platform with misleading premises.

"It demands the elimination of monopoly control, the downfall of the corrupt political bosses, the adoption of truly progressive principles and the repudiation of those great campaign contributors who have in the past bought up both parties.

## Rejoices Daughter Can Resume Studies

"Everything my little 12-year-old girl ate distressed her; even a glass of water would cause her to belch gas and she was unable to go to school for nearly a year. I bought her a bottle of Mayr's Wonderful Remedy, and since taking it she is eating up out of house and home and is attending school again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.—Adv.

## SCHOOL OF INTERNATIONAL RELATIONS

JULIUS H. BARNES, president of the United States Chamber of Commerce, and well known in Duluth where he makes his home, is one of the foremost advocates of the proposed memorial to Walter Hines Page—a graduate school of international relations—to be established at Johns Hopkins University.

Recognizing the need for a complete graduate school which will "do in its field what post-graduate schools have already done for medicine and law—provide a more systematic science for right between nations and better trained men," more than three-score of the nation's leading educators, publicists, jurists and men of world affairs have enlisted in the movement with Mr. Barnes.

President Coolidge, Secretary Hughes and Secretary Hoover have expressed their approval of the project. Apart from the opportunity the school will afford students of all nations, as well as our own, of completing their studies preparatory to entering public life or the diplomatic service, it will provide the nation with the first research bureau designed to conduct investigation on an extensive basis into the fundamental principles governing international life. Publication of results of these investigations is planned, from time to time, so as to acquaint the people of the nation with the factors that aggravate international discord, or promote international amity.

It is in effect a preparatory experience for one wishing to enter diplomatic service and it would not harm many an untired appointee in such service to take such a course, instead of plunging headlong into a position where a wrong phrase or an unhappy word may plunge two nations into strained relations. It will also assist every graduate to get a clear conception of this nation's history in diplomatic affairs, its objects and desired accomplishments.

## RAILWAY INTERESTED IN FARMING

As agriculture is one of the big industries along the Northern Pacific railway, that corporation shows its interest in the furthering and development of that basic occupation by putting in charge of its development program men of great experience.

John Haw, formerly agricultural county agent leader of North Dakota, will have charge of the railroad's agricultural program in Minnesota and North Dakota. Mr. Haw organized the North Dakota wool pool, led an effective campaign against the sow thistle in the Red River valley and has been a moving figure in many large improvement projects in North Dakota.

W. P. Stapleton, Montana agricultural county agent leader, will have charge of the development work in Montana. He taught agriculture in high schools in Renville and Akeley.

President Charles Donnelly, of the Northern Pacific railway company, was particularly interested in Brainerd's "Better Sires Day," as it showed cooperation between town and countryside, Chamber of Commerce and the farmers, and marked the inauguration of a well thought out and executed plan to improve the dairy herds of the county. In his address President Donnelly designated it the "Brainerd plan" and it will be so given publicity all along the railway's territory, as offering an inspiration to other communities in adopting a "self-help" principle which insures sustained interest, inspection, and at the end of two years a reapportionment of the animals given for use.

## BRAINERD'S CHAUTAUQUA PROGRAM

BRAINERD'S Chautauqua season will cover the dates, June 23, 24, 25, 26 and 27. The local officers of this independent Chautauqua are President H. F. Michael, Vice President W. H. Gemmell, Secretary G. E. Lammon and Treasurer A. S. Peterson.

The committee heads are Chairman Program Committee W. C. Cobb; Chairman Ticket Committee S. R. Adair; Chairman Publicity Committee John A. Hoffbauer; Chairman Tent and Grounds Committee Walter M. Murphy.

The directors are the officers and chairmen named and D. H. Fullerton and W. H. Cleary.

The Chautauqua program last year proved a happy surprise to the entire community. The plan of having an independent Chautauqua managed and controlled by local citizens and at the same time cooperating with a large number of other big independent Chautauquas in the securing of talent, made possible this unusual success.

It is expected to be far more successful this year. The music is better than ever, the entertainers are superb, and the lecturers among the best appearing on the American platform.

Everybody is urged to give the Chautauqua their undivided and enthusiastic support. Let us make it the greatest Chautauqua we have ever had.

## GATE CRASHER SUPREME

THE title of king of gate crashers has been bestowed on "One-Eyed" Connolly. No affair of any magnitude seems to withstand the approach of this person. He travels with no expense whatever, and seems wholly care-free. His wander lust pushes him from coast to coast.

Among the new gates to be "crashed," as jotted down in his book of engagements, are the Indianapolis automobile races, the Carpentier-Gibbons fight. The custodian of a gate is supposed to be a hard-hearted individual, but in some way or another Connolly seems to fit in and is soon numbered among those present.

So far Connolly has kept all his experiences to himself, save when some newspaper writes him up. Some time or another he may bob up on a lecture platform and as his pay will depend on receipts, you will find him opposed to any one using his present tactics and "butting in" free on all big shows.

It costs something to support a metropolitan orchestra. The Symphony Orchestra of Minneapolis seeks a \$450,000 guarantee, being \$150,000 a year for three years.

THE Alpine club of Minneapolis keeps in training by climbing stairs. An imitation of a ride on an avalanche may be given by sliding down the banisters.

BRAINERD coal dealers certainly enjoyed a long season this year. We are afraid to commit any more levity for fear we'll have to buy another ton.

## LA FOLLETTE TO SHUN THIRD PARTY MEET

(Continued from page 1)

Farmer-Labor party throughout the country.

"The Workers' Party prides itself in being a Communist party. That means that it considers its work to build up and lead the forces which will bring about a proletarian revolution, in the United States, and establish a soviet form of government and the dictatorship of the proletariat.

"Central Executive Committee, 'C. E. Ruthenberg, Secretary.'

### Another Statement Published

"Progressives inclined to attend the June 17 convention should also consider the statement published in the Daily Worker, May 16, 1924, by the Central Executive Committee of the Workers' Party of America over the signatures of C. Z. Foster, chairman, and C. E. Ruthenberg, executive secretary: 'In order to settle the question of which the Farmer-Labor united front, was a policy that a communist party, such as the Workers' Party, should put into effect, and in support of which it should throw all its strength, the Central Executive committee of the Workers' Party submitted this question to the Communist Internationale (Moscow) with which it is affiliated as a fraternal organization.

"The view of the Communist Internationale in this question is expressed in the following cablegram: 'Communist Internationale considers June 17 convention momentous importance for Workers' Party. Urges C. E. C. not to slacken activities preparation June 17. Utilize every available force to make St. Paul convention great representative gathering Labor and Left Wing. Executive Committee, Communist Internationale.'

### Strategic Position Secured

"The Communist organization in America, thus acting under orders of the Communist Internationale at Moscow will not only participate in the St. Paul convention June 17, but has already secured the strategic position in the direction of that convention.

"C. A. Hathaway, the secretary-treasurer of the committee, on arrangements for the St. Paul convention, is an avowed communist and was a delegate to the third Internationale convention held in Chicago, December 30, 1923. All credentials for the St. Paul convention are made returnable to Hathaway as secretary, and as treasurer he controls its funds. Joseph Manley, son-in-law of W. Z. ### Love—And All That

"Love is woman's best cosmetic."  
"To the wise philosopher each woman is all woman."

"Nature is full of tricks for the subjugation of man to woman, and the lovers' quarrel is one of them."

"A man keeps his kisses locked away with his best cigars, and only likes to enjoy them when the mood is upon him."—From "An Astronomer at Large," by A. G. Thornton.

## PRIMARY ELECTION TO BE ON JUNE 16

City Clerk Preparing Notices for Same, Soon to be Posted

POLLING PLACES NAMED

Judges and Clerks Appointed, and Names are Made Public

The city clerk is preparing the notices of the coming primary election on June 16th, which notices will be posted Thursday. The following polling places have been designated by the city council:

First ward, city hall; Second ward, first precinct, old court house; Second precinct, public library; Third ward, first precinct, East Brainerd hose house; Second precinct, Lowell school building; Fourth ward, South-east Brainerd hose house; Fifth ward, office of the Brainerd Gas & Electric Co.

Judges in the First ward will be A. B. Anderson, Charles E. Ellinson and Louis Sandberg; in the Second ward, first precinct, E. C. Bane, J. H. Krekelberg and Mrs. A. C. Weber; Second ward, second precinct, Edward Romaine, A. T. Fisher and W. S. Orne; Third ward, first precinct, Mrs. Margaret Herbert; Hugo Schwartzkopf and W. R. Wilber; Third ward, second precinct, Mrs. Mabel Kelly, N. W. Olson and Werner Anderson; Fourth ward, Victor Hillman, T. J. Lee and Goldie Lee; Fifth ward, Mrs. Edith Bentley, A. Hagberg, Sr., and J. B. Swisher.

### Seeing by Wireless Is Near, Says a Scientist

Edmund Edward Fournier-d'Albe, inventor of the optophone, which enables the blind to read through their ears, and the tonoscope, which makes speech intelligible to the deaf, has added his prophecy to those of other scientists who recently have forecast the early achievement of television—seeing by wireless. Dr. Fournier-d'Albe consented to be quoted as saying:

"I believe television will be accomplished this year. I'll stake my whole scientific reputation on it—I'm certain of it."

He envisages a time a few years hence, says the New York World, when explorers equipped with television cameras will make possible the projection on moving-picture screens in European and American cities the scenes attending their climbs, say of Mount Everest, or their polar explorations, or even the examination of the ocean's floor by means of submarines. Doctor Fournier-d'Albe is credited with sending the first photograph by radio.

WANT AD CALL IS 74

## "GOVERNOR'S LADY" AT THE LYCEUM

Film Play Wednesday and Thursday Under Auspices of Women's Relief Corps

PLOT IS STORY OF A WIFE

Whose Timidity and Self Effacement Had Effect on Her Liege Husband

In a world of aggressive women, accustomed to fighting their path through obstacles which only men would have attacked a few years ago, the opposite type offers an odd study. But, in spite of her timidity and self-effacement, she too has her methods. This point is one of the many interesting ones in the William Fox production of "The Governor's Lady," originally a David Belasco stage success, which is playing at the Lyceum theatre tonight and Thursday under the auspices of the local Women's Relief Corps.

It is the story of a wife whose baked confections and immaculate little home failed to keep her husband—for a time. He went to the governor's mansion, taking his ego with him, but not his wife. Another woman, of course. But instead of being the soulless vampire, this woman of the third part is the means through which the governor is reconciled to his lady.

Robert T. Haines has the part of the governor and Jane Grey plays the title role. Ann Luther is the other woman. Frazer Coulter and Leslie Austen have important roles. The entire cast does remarkably well. The picture was directed by Harry Millarde, who directed "If Winter Comes" and "Over the Hill."

Those who enjoy watching the swelling being reduced in a man's head when success inflates it ought to see "The Governor's Lady" perform the operation.

The Relief Corps will use the funds realized from this big picture in defraying the expenses of Memorial Day, and for the purchase of flags which are presented to the various schools of the city each year. This is a very worthy cause, and it

is hoped that "The Governor's Lady" will be well patronized. The ladies have tickets on sale at all of the drug store.

### Love—And All That

"Love is woman's best cosmetic."  
"To the wise philosopher each woman is all woman."

"Nature is full of tricks for the subjugation of man to woman, and the lovers' quarrel is one of them."

"A man keeps his kisses locked away with his best cigars, and only likes to enjoy them when the mood is upon him."—From "An Astronomer at Large," by A. G. Thornton.

## PRIMARY ELECTION TO BE ON JUNE 16

City Clerk Preparing Notices for Same, Soon to be Posted

### POLLING PLACES NAMED

Judges and Clerks Appointed, and Names are Made Public

The city clerk is preparing the notices of the coming primary election on June 16th, which notices will be posted Thursday. The following polling places have been designated by the city council:

First ward, city hall; Second ward, first precinct, old court house; Second precinct, public library; Third ward, first precinct, East Brainerd house; Second precinct, Lowell school building; Fourth ward, South-east Brainerd house; Fifth ward, office of the Brainerd Gas & Electric Co.

Judges in the First ward will be A. B. Anderson, Charles E. Ellinson and Louis Sandberg; in the Second ward, first precinct, E. C. Bane, J. H. Krekelberg and Mrs. A. C. Weber; Second ward, second precinct, Edward Romaine, A. T. Fisher and W. S. Orne; Third ward, first precinct, Mrs. Margaret Herbert; Hugo Schwartzkopf and W. R. Wilber; Third ward, second precinct, Mrs. Mabel Kelly, N. W. Olson and Werner Anderson; Fourth ward, Victor Hillman, T. J. Lee and Goldie Lee; Fifth ward, Mrs. Edith Bentley, A. Hagberg, Sr., and J. B. Swisher.

### Seeing by Wireless Is Near, Says a Scientist

Edmund Edward Fournier-d'Albe, inventor of the optophone, which enables the blind to read through their ears, and the tonoscope, which makes speech intelligible to the deaf, has added his prophecy to those of other scientists who recently have forecast the early achievement of television—seeing by wireless. Dr. Fournier-d'Albe consented to be quoted as saying:

"I believe television will be accomplished this year. I'll stake my whole scientific reputation on it—I'm certain of it."

He envisages a time a few years hence, says the New York World, when explorers equipped with television cameras will make possible the projection on moving-picture screens in European and American cities the scenes attending their climbs, say of Mount Everest, or their polar explorations, or even the examination of the ocean's floor by means of submarines. Doctor Fournier-d'Albe is credited with sending the first photograph by radio.

WANT AD CALL IS 74

## "GOVERNOR'S LADY" AT THE LYCEUM

Film Play Wednesday and Thursday Under Auspices of Women's Relief Corps

### PLOT IS STORY OF A WIFE

Whose Timidity and Self Effacement Had Effect on Her Liege Husband

In a world of aggressive women, accustomed to fighting their path through obstacles which only men would have attacked a few years ago, the opposite type offers an odd study. But, in spite of her timidity and self-effacement, she too has her methods. This point is one of the many interesting ones in the William Fox production of "The Governor's Lady," originally a David Belasco stage success, which is playing at the Lyceum theatre tonight and Thursday under the auspices of the local Women's Relief Corps.

It is the story of a wife whose baked confections and immaculate little home failed to keep her husband—for a time. He went to the governor's mansion, taking his ego with him, but not his wife. Another woman, of course. But instead of being the soulless vampire, this woman of the third part is the means through which the governor is reconciled to his lady.

Robert T. Haines has the part of the governor and Jane Grey plays the title role. Ann Luther is the other woman. Frazer Coulter and Leslie Austen have important roles. The entire cast does remarkably well. The picture was directed by Harry Millarde, who directed "If Winter Comes" and "Over the Hill."

Those who enjoy watching the swelling being reduced in a man's head when success inflates it ought to see "The Governor's Lady" perform the operation.

The Relief Corps will use the funds realized from this big picture in defraying the expenses of Memorial Day, and for the purchase of flags which are presented to the various schools of the city each year. This is a very worthy cause, and it

is hoped that "The Governor's Lady" will be well patronized. The ladies have tickets on sale at all of the drug store.

## CHAS. G. DAWES FOR VICE-PRES. GAINS SUPPORT

### INSURES FORCEFUL PRESIDING OFFICER FOR THE SENATE

### IF THE G. O. P. IS RETURNED TO POW- ER

(By United Press)  
New York, May 28.—Charles G. Dawes for vice president—both to put pep into the convention and to insure a forceful personality as presiding officer of the senate if the G. O. P. is returned to power—is coming in for strong support among eastern business leaders.

Now that the administration has decided definitely to go west for a running mate for President Coolidge, there is more talk of Dawes in political circles than of any other potential candidate. Senator Borah, with whom administration leaders have flirted for some time, isn't even going to the convention, it seems, and besides has intimated he don't want second place on the ticket.

As a result, a rather sturdy boom has developed to put Governor Hyde of Missouri, a doubtful state, alongside Coolidge, and talk of former Governor Frank O. Lowden of Illinois has not subsided.

But the feeling of republican leaders about Dawes is this:

Since Coolidge will go out into the country for very few speeches during the campaign, there is a crying need for someone with personality, a reputation and tremendous energy to go out and shake down votes. Dawes has all these attributes. Furthermore, there is every reason to believe that if Coolidge is re-elected there will still be a division of interests in the senate that may make the situation there worse confounded than it is now. In that event a presiding officer of Dawes' character would be a tremendous assistance to the president. He would be capable of establishing a closer liaison between the White House and the senate than has existed to date. Also, his own personal ability in the fields of business and finance would be likely to find him personally participating in the party councils over proposed legislation affecting the nation's economic situation.

Dawes, questioned recently as to his availability as running mate for Coolidge, jokingly replied:

"I've had enough feathers pinned on me. I don't want any more."

Nevertheless, there are many of his friends in the business world who are anxious to have him nominated for his dual effect on the convention and on congress if elected.

## DRY SOIL SAVES CROPS ON FARMS

### DELAY CAUSED BY THE COLD WEATHER CALLED NOT SERIOUS

St. Paul, May 28.—The dry condition of Minnesota's soil has saved farmers from an almost total loss of their crops, according to agricultural specialists.

"The cold weather has retarded the growth of all crops but the condition is not serious," stated Paul H. Kirk, agricultural statistician, today.

"If the ground had been water-soaked during the recent cold wave the seeds would not have sprouted and would have rotted in the ground."

"There is nothing in the agricultural situation to call for alarm. Last year crops were two weeks late getting started but the harvest was 10 days earlier than usual. The hot summer following the cold spring shot the crops up and ripened them in a month less time than ordinarily is needed."

"In Dodge county it has been reported that some of the low germination corn will have to be replanted but every year there is always a certain amount of the crop which must be replanted. While crops are not growing upward at present their roots are continually strengthening. A few hot days will make up for all the lost time, I believe."

"The soil last fall was badly in need of ground water and the melted snow and rains of this spring have been absorbed and have left no surface water; so in spite of the frequent rains the soil is not technically wet."

LOST AND FOUND—CALL 74

## SEN. WALSH IN LEAD IN PRIMARY OF MONTANA

(By United Press)  
Great Falls, Mont., May 28.—Senator T. J. Walsh, candidate for Democratic national convention delegate, was running far ahead of other candidates, reports from the Montana primary showed today. J. B. Kraemer, former chairman of the Democratic national committee, was running second. Calvin Coolidge and William Gibbs McAdoo, unopposed on their respective tickets, were given endorsement.

This will add 10 delegates to the Coolidge camp at Cleveland, while McAdoo is now assured of eight more delegates at New York.

## HOGS HAVE TRAITS LIKE HUMAN FAMILY

### ONE MAY LEARN TO KEEP FAT BY STUDYING THE PIGS

(By United Press)  
Chicago, May 28.—How to keep fat but fit can be learned from watching the habits of the hog, John M. Evvard, professor of animal husbandry of Iowa State College, holds. The feeding habits of hogs and humans do not differ very much, he said.

Long ago the hog was a slender, bony fellow, when the business of rooting for a living was more serious than it is now, Evvard said. Then man took him in hand, made life easy—and now look at him. All this because the farmers treat hogs more like humans, the professor stated.

"In the wild state hogs were long, slim fellows who had to root for a living," he said. "They didn't dare overeat. The hog couldn't afford to be burdened with fat—it meant his life. To get away from spy enemies he had to be sly on his legs."

"Neither could the cave-man afford heavy waist lines. And he did not have them."

"But today both hogs and men have become domesticated. The life of the hog has become a life of leisure. He is so pampered and hot-housed in order to add the extra pounds of market fat that he does not get enough exercise to maintain proper digestion."

The aristocratic hog of today has as delicate a digestive system as a human being, according to the professor. If Mr. Pig's breakfast isn't mixed in the proper proportions or if his meat-meal ration is a little too large, he is likely to become sick, just as a man would.

"Hogs like the same foods as humans, and their rations must be even more carefully balanced, for hogs get 144 exercise," Professor Evvard continued.

"Along with the porker's bread and meat, the wise hog-raiser adds green trimmings, the salad, if you please, in the form of alfalfa, bluegrass, clovers and rape. On the side he serves salt and pepper, nicely blended—the hog man calls it mineral feeds. These furnish the necessary seasoning."

"The corn must be butter-yellow. Butter is too expensive to serve in the porcine dining hall. Just the same, the hog family needs the vitamins found in butter, and yellow corn is a good substitute. In contains the fat vitamins necessary for the balanced diet of both man and hog."

With such feeding, hogs thrive in their modern life of leisure, fast laying layer of fat on layer of lean, like the frosted layers of a chocolate cake.

"Over a period of ten years figures show that hogs coming to the principal markets have increased in weight on an average of practically a score of pounds per head. This extra poundage is partly the result of improved breeding, but most of the phenomenal progress was made by breeders who followed out the discoveries made about hog feeding in the agricultural college and experiment stations."

"To raise hogs successfully, a man must first have a knowledge of human nature. The hog has the same traits as a man. He isn't as low in intelligence as the majority believe, but stands with the horse in reasoning power. Although he isn't as brainy as the primal monkeys and gorillas, he is a wizard compared with most of his barnyard companions today."

Utilities Head List.  
About \$3,577,000,000 is invested in the steel and iron business, and \$1,800,000,000 in the automobile industry, as compared with \$16,000,000,000 in the electric, gas, electric railway and telephone utilities.

## GLICK CHARGED WITH SHOOTING

### ALLEGED HE SHOT CHARLES RUNYAN WEEK AGO NEAR BEMIDJI

(By United Press)  
Bemidji, Minn., May 28.—Daniel Glick, charged with the shooting of Charles Runyan a week ago, was held for the September grand jury today. Arraigned by Court Commissioner B. H. Fisk, Glick waived examination and was remanded to jail in default of \$10,000 bail. Axel and Albert Wicker, brothers-in-law of Glick, also arraigned on a charge of first degree assault, were unable to furnish \$10,000 bail and are held in jail pending hearings set for June 5.

Runyan, a taxicab driver, was called to the country last Thursday night and when stopped by a stalled automobile was held up by a man. He engaged in a gun duel with him and was shot twice.

## CYCLONE HITS OKLAHOMA

### FIVE PERSONS AMONG KNOWN DEAD, HOMES DE- MOLISHED

Atoka, Okla., May 28.—Five persons were known dead today and several injured in a tornado which swept across the open country north of here last night. J. L. Lott and four members of his family were crushed to death when the storm demolished their home five miles north of Stringtown.

### MISSISSIPPI DEATH LIST TOTALS 40

New Orleans, La., May 28.—The known death list of 40 resulting from the tornado which struck Mississippi, Alabama and other sections of the south Monday night and Tuesday is expected to be increased when wire communication is restored with outlying districts still cut off from the outside world.

The tornado was followed by a rain storm which caused small rivers and creeks to rise to unprecedented levels, heavily damaging crops. Considerable livestock was lost in the high waters.

### Held on Charge of Using Employer's Cash for Honeymoon Trip

St. Paul, May 28.—Red Ackerson, said by police to have a criminal record, is in jail for leaving town while in possession of \$200 belonging to his employer.

Red, police say, obtained work in M. Parsley's restaurant, 1559 University ave., several months ago, and became a trusted employee.

About two months ago, they say, Parsley gave him \$200 to take to the bank. Red went on past the bank, got married, and used the money for a honeymoon to Kansas City.

He was picked up in the downtown district yesterday by Detectives Jas. Cook and Tony Mroczak.

Intolerance Is Deadly.  
If you want your conscience to be the world's guide, is it because you love the world or merely want to boss it? Intolerance is one of the seven deadly sins—and the meanest.

## RED PEPPER HEAT BREAKS BAD CHEST COLDS OVER NIGHT

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

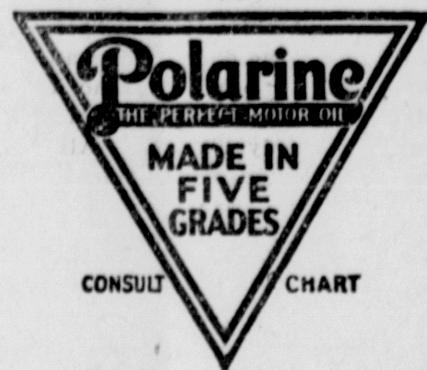

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."—Advt.

"Auntie" Felt Better  
"Auntie" is a venerable colored woman who succeeds in making a scanty living by taking in washing and who is a typical old-time Southern negro, having been a slave in her younger days. She is always cheerful under all conditions, and manages to see the bright side of life, even though she is close to eighty years of age. When asked how she is, she always replies, "Oh, I'm just tolerable." The other day, however, when spring was in the air and every one felt a little better than usual, she was asked:  
"Well, Auntie, how are you today?"  
Her wrinkled face broke into a wide smile.  
"Oh, I'm exceptionally tolerable today."—Exchange.

A Criticism  
Paul Duppy, the French senator and newspaper owner, said at the end of his American tour:  
"Your newspapers are extraordinary, but your hotels are too large for really perfect cooking. A hotel with 2,000 rooms and 2,000 baths is all very well in its way, but when you want a perfect chaud-froid or a perfect soufflé—"  
Senator Duppy shrugged. Then he went on:  
"A head-waiter in one of these 2,000-room monstrosities was overheard saying to a waiter the other day:  
"The party at the large window table has ordered fresh-made coffee. Be sure and keep them waiting 20 minutes."—Detroit Free Press.

## For Ten Days Only--Beginning Thursday Great Sale ALASKA REFRIGERATORS

# FREE ICE

For One Month, to Every Person Who Purchases

An

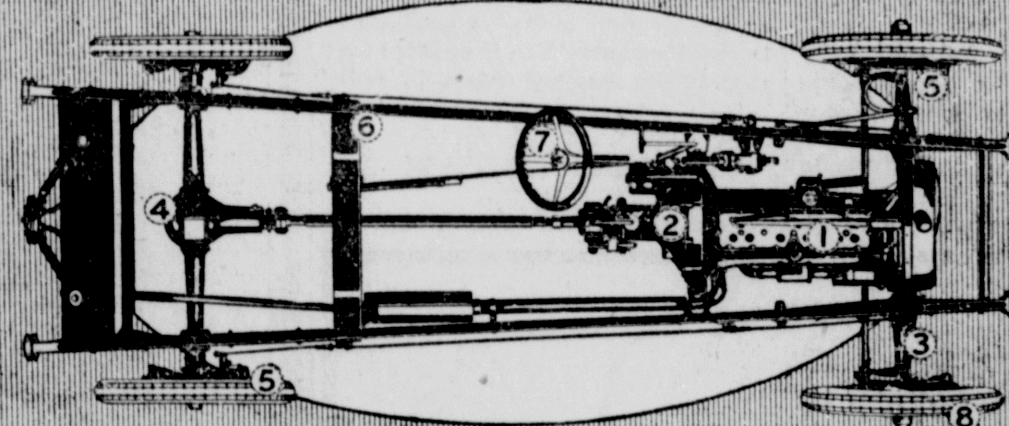

Don't take chances with a refrigerator that is not HEAT TIGHT. It means costly waste of ice. It endangers perishable foods. Come to our store during the next ten days and select a new Alaska refrigerator. During this sale we will give one month's ice FREE to every purchaser of an Alaska.

## Special Values for Ten Days

This offer is limited. The early buyer will get the choice. When the Alaskas we have on hand are gone, it is improbable that we can get any more this season. Remember sale starts Thursday. Be early.

## Ten Days Only

### Why Oakland's Chassis is more advanced

- 1 Oakland's new L-head engine is a masterpiece of light-six engineering. It incorporates the very latest developments in motor design.
- 2 The transmission is a unit with the engine. Gears of the finest alloy steel and liberal ball bearings, insure quiet and long life. Gear shifting is actually a pleasure.
- 3 The rugged, drop-forged, "T" beam front axle was purposely designed for this car. Its correct construction insures easy steering and safe driving.
- 4 Oakland's semi-floating rear axle is the last word in axle design. Its nickel steel gears, Hyatt and New Departure Bearings and spiral bevel gear drive make it silent and efficient.
- 5 Oakland's four-wheel brakes are built into the chassis. Many months of service by tens of thousands of owners prove

conclusively that this construction is most necessary and desirable.

- 6 Oakland's frame is of pressed steel, 5-32 of an inch thick and is rigidly braced with five cross members. In comparing frames, do not neglect the fact that the thickness of the steel is very important.
- 7 The steering gear is unequalled for easy and convenient driving. All engine controls, as well as horn button and lighting controls, are mounted on the steering wheel, an exclusive feature.
- 8 Demountable disc steel wheels—five of them—are standard equipment on all models. On most cars you pay extra for them.

Long, easy-riding springs; Harrison radiator with heavily nicked shell; completely enclosed universal joints and tubular drive shaft are other important features.

Examine the Oakland Six yourself. You will then understand why the True Blue Oakland is being chosen by so many who have decided to get the most and the best for their money this year.

## CHAS. G. DAWES FOR VICE-PRES. GAINS SUPPORT

### INSURES FORCEFUL PRESIDING OFFICER FOR THE SENATE

### IF THE G. O. P. IS RETURNED TO POW- ER

(By United Press)

New York, May 28.—Charles G. Dawes for vice president—both to put pep into the convention and to insure a forceful personality as presiding officer of the senate if the G. O. P. is returned to power—is coming in for strong support among eastern business leaders.

Now that the administration has decided definitely to go west for a running mate for President Coolidge, there is more talk of Dawes in political circles than of any other potential candidate. Senator Borah, with whom administration leaders have flirted for some time, isn't even going to the convention, it seems, and besides has intimated he don't want second place on the ticket.

As a result, a rather sturdy boom has developed to put Governor Hyde of Missouri, a doubtful state, alongside Coolidge, and talk of former Governor Frank O. Lowden of Illinois has not subsided.

But the feeling of republican leaders about Dawes is this:

Since Coolidge will go out into the country for very few speeches during the campaign, there is a crying need for someone with personality, a reputation and tremendous energy to go out and shake down votes. Dawes has all these attributes. Furthermore, there is every reason to believe that if Coolidge is re-elected there will still be a division of interests in the senate that may make the situation there worse confounded than it is now. In that event a presiding officer of Dawes' character would be a tremendous assistance to the president. He would be capable of establishing a closer liaison between the White House and the senate than has existed to date. Also, his own personal ability in the fields of business and finance would be likely to find him personally participating in the party councils over proposed legislation affecting the nation's economic situation.

Dawes, questioned recently as to his availability as running mate for Coolidge, jokingly replied:

"I've had enough feathers pinned on me. I don't want any more."

Nevertheless, there are many of his friends in the business world who are anxious to have him nominated for his dual effect on the convention and on congress if elected.

## DRY SOIL SAVES CROPS ON FARMS

### DELAY CAUSED BY THE COLD WEATHER CALLED NOT SERIOUS

St. Paul, May 28.—The dry condition of Minnesota's soil has saved farmers from an almost total loss of their crops, according to agricultural specialists.

"The cold weather has retarded the growth of all crops but the condition is not serious," stated Paul H. Kirk, agricultural statistician, today.

"If the ground had been water-soaked during the recent cold wave the seeds would not have sprouted and would have rotted in the ground. There is nothing in the agricultural situation to call for alarm. Last year crops were two weeks late getting started but the harvest was 10 days earlier than usual. The hot summer following the cold spring shot the crops up and ripened them in a month less time than ordinarily is needed."

"In Dodge county it has been reported that some of the low germination corn will have to be replanted but every year there is always a certain amount of the crop which must be replanted. While crops are not growing upward at present their roots are continually strengthening. A few hot days will make up for all the lost time, I believe."

"The soil last fall was badly in need of ground water and the melted snow and rains of this spring have been absorbed and have left no surface water; so in spite of the frequent rains the soil is not technically wet."

LOST AND FOUND—CALL 74

## SEN. WALSH IN LEAD IN PRIMARY OF MONTANA

(By United Press)

Great Falls, Mont., May 28.—Senator T. J. Walsh, candidate for Democratic national convention delegate, was running far ahead of other candidates, reports from the Montana primary showed today. J. B. Kraemer, former chairman of the Democratic national committee, was running second. Calvin Coolidge and William Gibbs McAdoo, unopposed on their respective tickets, were given endorsement.

This will add 10 delegates to the Coolidge camp at Cleveland, while McAdoo is now assured of eight more delegates at New York.

## HOGS HAVE TRAITS LIKE HUMAN FAMILY

### ONE MAY LEARN TO KEEP FAT BY STUDYING THE PIGS

(By United Press)

Chicago, May 28.—How to keep fat but fit can be learned from watching the habits of the hog, John M. Evvard, professor of animal husbandry of Iowa State College, holds. The feeding habits of hogs and humans do not differ very much, he said.

Long ago the hog was a slender, bony fellow, when the business of rooting for a living was more serious than it is now. Evvard said. Then man took him in hand, made life easy—and now look at him. All this because the farmers treat hogs more like humans, the professor stated.

"In the wild state hogs were long, slim fellows who had to root for a living," he said. "They didn't dare overeat. The hog couldn't afford to be burdened with fat—it meant his life. To get away from spy enemies he had to be spry on his legs."

"Neither could the cave-man afford heavy waist lines. And he did not have them."

"But today both hogs and men have become domesticated. The life of the hog has become a life of leisure. He is so pampered and hot housed in order to add the extra pounds of market fat that he does not get enough exercise to maintain proper digestion."

The aristocratic hog of today has as delicate a digestive system as a human being, according to the professor. If Mr. Pig's breakfast isn't mixed in the proper proportions or if his meat-meal ration is a little too large, he is likely to become sick, just as a man would.

"Hogs like the same foods as humans, and their rations must be even more carefully balanced, for hogs get 144 exercise," Professor Evvard continued.

"Along with the porker's bread and meat, the wise hog-raiser adds green trimmings, the salad, if you please, in the form of alfalfa, bluegrass, clovers and rape. On the side he serves salt and pepper, nicely blended—the hog man calls it mineral feeds. These furnish the necessary seasoning."

"The corn must be butter-yellow. Butter is too expensive to serve in the porcine dining hall. Just the same, the hog family needs the vitamins found in butter, and yellow corn is a good substitute. In contains the fat vitamins necessary for the balanced diet of both man and hog."

With such feeding, hogs thrive in their modern life of leisure, fast laying layer of fat on layer of lean. Like the frosted layers of a chocolate cake.

"Over a period of ten years figures show that hogs coming to the principal markets have increased in weight on an average of practically a score of pounds per head. This extra poundage is partly the result of improved breeding, but most of the phenomenal progress was made by breeders who followed out the discoveries made about hog feeding in the agricultural college and experiment stations."

"To raise hogs successfully, a man must first have a knowledge of human nature. The hog has the same traits as a man. He isn't as low in intelligence as the majority believe, but stands with the horse in reasoning power. Although he isn't as brainy as the primal monkeys and gorillas, he is a wizard compared with most of his barnyard companions today."

### Utilities Head List.

About \$3,577,000,000 is invested in the steel and iron business, and \$1,800,000,000 in the automobile industry, as compared with \$16,000,000,000 in the electric, gas, electric railway and telephone utilities.

## GLICK CHARGED WITH SHOOTING

### ALLEGED HE SHOT CHARLES RUNYAN WEEK AGO NEAR BEMIDJI

(By United Press)

Bemidji, Minn., May 28.—Daniel Glick, charged with the shooting of Charles Runyan a week ago, was held for the September grand jury today. Arraigned by Court Commissioner B. H. Fisk, Glick waived examination and was remanded to jail in default of \$10,000 bail. Axel and Albert Wicker, brothers-in-law of Glick, also arraigned on a charge of first degree assault, were unable to furnish \$10,000 bail and are held in jail pending hearings set for June 5.

Runyan, a taxicab driver, was called to the country last Thursday night and when stopped by a stalled automobile was held up by a man. He engaged in a gun duel with him and was shot twice.

## CYCLONE HITS OKLAHOMA

### FIVE PERSONS AMONG KNOWN DEAD, HOMES DE- MOLISHED

Atoka, Okla., May 28.—Five persons were known dead today and several injured in a tornado which swept across the open country north of here last night. J. L. Lott and four members of his family were crushed to death when the storm demolished their home five miles north of Stringtown.

### MISSISSIPPI DEATH LIST TOTALS 40

New Orleans, La., May 28.—The known death list of 40 resulting from the tornado which struck Mississippi, Alabama and other sections of the south Monday night and Tuesday is expected to be increased when wire communication is restored with outlying districts still cut off from the outside world.

The tornado was followed by a rain storm which caused small rivers and creeks to rise to unprecedented levels, heavily damaging crops. Considerable livestock was lost in the high waters.

### Held on Charge of Using Employer's Cash for Honeymoon Trip

St. Paul, May 28.—Red Ackerson, said by police to have a criminal record, is in jail for leaving town while in possession of \$207 belonging to his employer.

Red, police say, obtained work in M. Parsley's restaurant, 1559 University ave., several months ago, and became a trusted employee.

About two months ago, they say, Parsley gave him \$200 to take to the bank. Red went on past the bank, got married, and used the money for a honeymoon to Kansas City.

He was picked up in the downtown district yesterday by Detectives Jas. Cook and Tony Mroczak.

### Intolerance Is Deadly.

If you want your conscience to be the world's guide, is it because you love the world or merely want to boss it? Intolerance is one of the seven deadly sins—and the meanest.

## RED PEPPER HEAT BREAKS BAD CHEST COLDS OVER NIGHT

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down in to colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."—Adv.

### "Auntie" Felt Better

"Auntie" is a venerable colored woman who succeeds in making a scanty living by taking in washing and who is a typical old-time Southern negro, having been a slave in her younger days. She is always cheerful under all conditions, and manages to see the bright side of life, even though she is close to eighty years of age. When asked how she is, she always replies, "Oh, I'm just tolerable." The other day, however, when spring was in the air and every one felt a little better than usual, she was asked:

"Well, Auntie, how are you today?"

Her wrinkled face broke into a wide smile.

"Oh, I'm exceptionally tolerable today."—Exchange.

### A Criticism

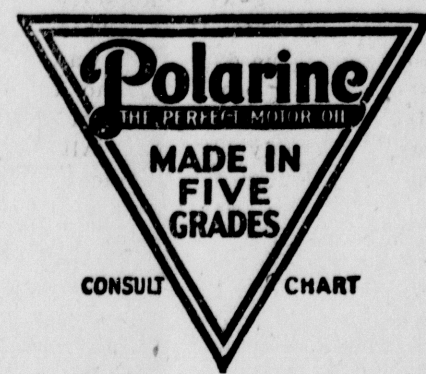

Paul Duppy, the French senator and newspaper owner, said at the end of his American tour:

"Your newspapers are extraordinary, but your hotels are too large for really perfect cooking. A hotel with 2,000 rooms and 2,000 baths is all very well in its way, but when you want a perfect chaud-froid or a perfect soufflé—"

Senator Duppy shrugged. Then he went on:

"A head-waiter in one of these 2,000-room monstrosities was overheard saying to a waiter the other day:

"The party at the large window table has ordered fresh-made coffee. Be sure and keep them waiting 20 minutes."—Detroit Free Press.

## For Ten Days Only--Beginning Thursday Great Sale ALASKA REFRIGERATORS

# FREE ICE

For One Month, to Every Person Who Purchases

An

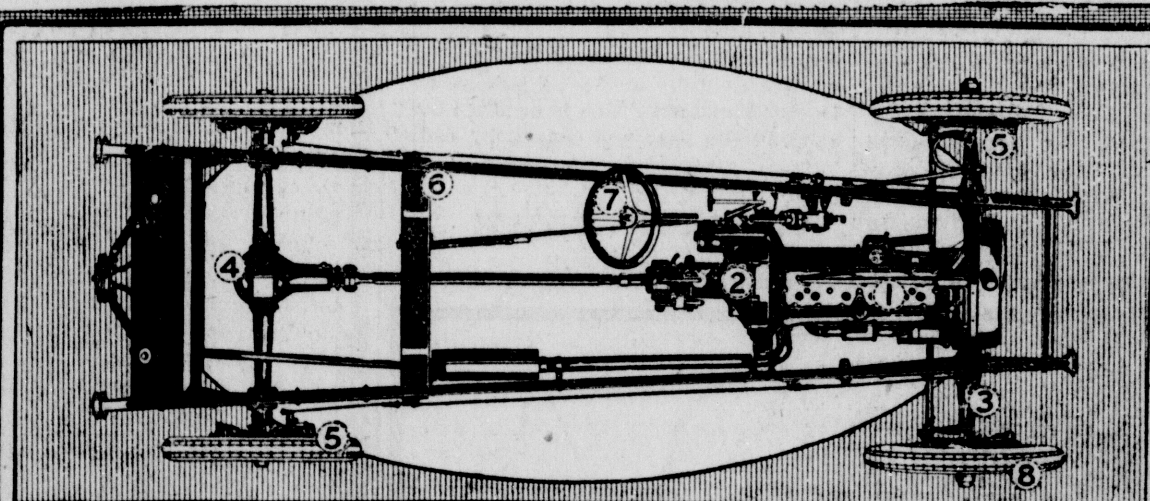

Don't take chances with a refrigerator that is not HEAT TIGHT. It means costly waste of ice. It endangers perishable foods. Come to our store during the next ten days and select a new Alaska refrigerator. During this sale we will give one month's ice FREE to every purchaser of an Alaska.

## Special Values for Ten Days

This offer is limited. The early buyer will get the choice. When the Alaskas we have on hand are gone, it is improbable that we can get any more this season. Remember sale starts Thursday. Be early.

# Ten Days Only

## Why Oakland's Chassis is more advanced

- 1 Oakland's new L-head engine is a masterpiece of light-six engineering. It incorporates the very latest developments in motor design.
- 2 The transmission is a unit with the engine. Gears of the finest alloy steel and liberal ball bearings, insure quiet and long life. Gear shifting is actually a pleasure.
- 3 The rugged, drop-forged, "T" beam front axle was purposely designed for this car. Its correct construction insures easy steering and safe driving.
- 4 Oakland's semi-floating rear axle is the last word in axle design. Its nickel steel gears, Hyatt and New Departure Bearings and spiral bevel gear drive make it silent and efficient.
- 5 Oakland's four-wheel brakes are built into the chassis. Many months of service by tens of thousands of owners prove

conclusively that this construction is most necessary and desirable.

6 Oakland's frame is of pressed steel, 5-32 of an inch thick and is rigidly braced with five cross members. In comparing frames, do not neglect the fact that the thickness of the steel is very important.

7 The steering gear is unequalled for easy and convenient driving. All engine controls, as well as horn button and lighting controls, are mounted on the steering wheel, an exclusive feature.

8 Demountable disc steel wheels—five of them—are standard equipment on all models. On most cars you pay extra for them.

Long, easy-riding springs; Harrison radiator with heavily nicked shell; completely enclosed universal joints and tubular drive shaft are other important features.

Examine the Oakland Six yourself. You will then understand why the True Blue Oakland is being chosen by so many who have decided to get the most and the best for their money this year.

## COMPLETE FILINGS FOR COUNTY OFFICES

List of Candidates as Taken From  
Records of the County  
Auditor

### TUESDAY FINAL FILING DAY

County Commissioner First District  
Brought Out Flood of  
Candidates

Tuesday was the final day for making filings for the county offices for nomination at the primary election to be held on June 16th. The following list of candidates who have filed was taken from the records of the county auditor:

Representative from Crow Wing County—P. J. Long, Ironton; Fred A. Moerke, Brainerd.

Judge of Probate—S. F. Alderman, L. B. Kinder, J. H. Warner and Jas. R. Smith, all of Brainerd.

County Commissioner, First District—C. E. Wheeler, Long Lake; G. F. Edquist, Nokay Lake; John Dewing, Roosevelt; Martin A. Olson, Nokay Lake; P. B. Anderson, Crow Wing; Carl A. Nelson, Deerwood; D. J. Gordon, Daggett Brook; George W. Wetherbee, Crow Wing; John Fallon, Daggett Brook; August Erickson, Oak Lawn; O. M. Wanvig, Deerwood, and L. J. Alberts, Deerwood.

County Commissioner, Third District—E. W. Nelson, A. G. Anderson, A. Hagberg, Charles Peterson and S. E. Engebretson, all of Brainerd.

County Commissioner, Fifth District—Edward Krueger and George Syreen, both of Crosby.

County Commissioners W. H. Andrews and Frank Lowey, of the second and fourth districts, hold over until next election, two years hence.

### COUNTY-WIDE DRIVE FOR BOY SCOUT FUNDS

According to the Scout Executive E. W. Stumble, the county-wide drive for Boy Scout funds is progressing nicely, and he predicts that it will go over the top as per schedule.

The drive started Monday with the organizing of the teams in the city. Four groups are making the drive in Brainerd, the Rotary club, the Lions club, the American Legion and the Scout council group.

So great is the task that it will not be completed this week as originally planned. Everyone in the city will be given an opportunity to contribute, and it is expected that all will be glad to assist so worthily a cause.

The Peterson Clothing Co. is donating one of its show windows to a Boy Scout exhibit this week, which is drawing a great deal of attention.

### DISTRICT COURT IN CHAMBERS

The case of the state against T. E. Jones was tried Tuesday afternoon before Judge W. S. McClenahan. Mr. Jones was charged with diverting electric current so that same did not pass through the meter.

The judge heard the testimony but withheld his decision, taking the case under advisement.

Quit calling the Water Works names, if you can't use the water—get Blue Devil. 30313mwf

### BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbor!

Mrs. A. C. Hanson, 911 Kingwood St., Brainerd, says: "I had such a backache due to a disordered condition of my kidneys I was almost frantic. There was hardly a thing about the house I could do, my back was so sore and stiff. Stopping so irritated my back and kidneys I just had to give up. I had a constant dull ache across the small of my back that just laid me out. I got such dizzy spells I didn't know what I was doing. I certainly was feeling miserable until I was led to use Doan's Pills. It only took a short time for Doan's to rid me of the misery and since then, my health has been fine."

### CONTINUES AT WORK

Cong. Knutson Will Not Come Home  
Before Congress  
Adjourns

It is reported that Harold Knutson, congressman from the sixth district, and candidate for re-election, will not come home before congress adjourns, feeling that it is his duty to be in attendance on account of the important farm relief measures that are now before congress.

If that body does not adjourn in the near future, Mr. Knutson will have no opportunity of meeting the voters before the primary election and will have to depend on his friends to look after his campaign. It is planned, however, to adjourn June 7th, if the present schedule is carried out.

### CURTIS M. JOHNSON TO SPEAK TONIGHT

Republican Candidate for Governor  
to Speak on Problems of the  
Business Man

#### IS MAN OF MUCH ABILITY

Has Farmed on Large Scale, is President of State Fair Association

Curtis M. Johnson, republican candidate for governor, will speak in the farmers' room at the court house this Wednesday evening at 8:15 o'clock. Mr. Johnson is a very successful hardware and implement dealer in Rush City, and will speak on the problems of the business man. It is said that he is noted as being the only small business man who has successfully competed with the catalog houses in this state.

He is also a farmer on quite a large scale, conducting a big farm near his home town. He has been president of the state fair association for the past two terms.

Mr. Johnson has the reputation of being an orator of considerable note. He has spoken in all of the states in the union, and has been called back on numerous occasions to speak on economic and business problems on which he is well posted.

The public is invited and urged to hear Mr. Johnson this evening. He will have a message of interest and importance for all.

### APPEAL TO SCIENTISTS AS FINAL RESORT

Cleveland, O., May 28.—If Bishop William Montgomery Brown of Gallion, O., is found guilty of heresy by the tribunal of the Protestant Episcopal church here he will appeal to noted scientists of the world to try his case.

Bishop Brown, charged with heresy for alleged heretical utterances in his book, "Communism and Christianity," published in 1920, went on trial here today before nine bishops. Bishop Brown, a few hours before his trial, said he had wired several noted scientists, asking them to try his case and that several had accepted. He refused to make public their names.

"If the church throws me out, the scientists shall try me and I will abide by the results," he said.

Bishop Brown's big hope of the trial is that he may put to the bishops who try him, his celebrated list of questions on the virgin birth and miracles of Christ.

### JOHN F. WOODHEAD MADE THINGS ROAR

Meeting of N. E. Brainerd Improvement League Best Ever  
Held

#### DR. R. A. HALLQUIST SPOKE

On Milk and Dairy Inspection Ordinance—80 Dairies Supply Brainerd

The publicity committee of the Northeast Brainerd Improvement League was in error when it stated that John Woodhead and other members of the Rotary club would make things "hum" at the meeting last night—they made things "roar." One of the best meetings ever held by the League was the result of the visit of the Rotarians. They put on a snappy musical program which filled all with "pep" that carried them through a meeting which disposed of important matters in short order.

Dr. R. A. Hallquist spoke on the milk supply of Brainerd in an enlightening and interesting manner.

The speaker told of the filthy conditions existing when he started inspection work in 1921. This was not because the dairy men wanted it that way but because of no knowledge of improved methods of handling the supply of milk. All dairy are inspected at least once every three months and any that do not seem to be able to keep up to standard are inspected as often as once a week and everything possible done to keep the milk and cream supply pure. All cows are tested and milking equipment and supplies used in handling the milk are examined as well as the milk itself.

When the ordinance was passed there were about 40 dairies, with from one to 40 cows, in operation. Today there are 80 dairies with from one to 80 cows. The inspection department is nearly self sustaining.

Dr. Hallquist is always ready and willing to answer any and all questions pertaining to his work.

A league member enquired if it was necessary to have a license to sell milk in the city from one cow, if kept in the country and was told it was. Then he enquired as to the facts if he put the milk in a pail and the pail in a Ford and drove to Brainerd and upon arrival sold the butter. John Woodhead spoke up and said he would be put to see him in regard to selling him a Ford to be used as a churn.

Scout Executive E. W. Stumble spoke on the work of the Boy Scouts and made an appeal for the drive for funds which is now in progress.

President Dahl called on several of the visitors for short talks and the responses were interesting and varied.

When Mr. Michael was called on to discuss his hobby he gave an interesting talk on flowers and the joy and benefits to be derived from their culture.

George Lowe spoke of the pleasure derived from getting on a job and

## IN MUNICIPAL COURT

Arthur Krinke Arraigned on a Charge of Manufacturing Liquor

In municipal court Arthur Krinke was arraigned on a charge of manufacturing liquor. He waived examination and was bound over to the district court, bonds being placed at \$500.

Krinke plead guilty in district court late Tuesday afternoon to the charge, and was fined \$200 and sixty days in jail.

Roy Ralston plead guilty in municipal court to transporting liquor and was fined \$25 or twenty days in jail.

## FAREWELL PARTY

35 Families Attend Function Given Mr. and Mrs. C. G. Waffle, Soon to Leave City

Thirty-five families gathered at the parlors of the Bethlehem Evangelical church on Tuesday evening to attend a farewell party given in honor of Mr. and Mrs. C. G. Waffle, who are leaving Brainerd on Saturday morning for California.

An interesting program was prepared, Richard Ilse and F. Drilling being spokesmen of the evening.

Mr. Ilse made the presentation speech on behalf of the friends who had gathered, presenting Mr. and Mrs. Waffle with a beautiful leather traveling bag and a large vacuum bottle.

Light refreshments were served and the friends stayed until a late hour, all wishing Mr. and Mrs. Waffle good luck and Godspeed on the long journey.

The family will motor to California, going by way of the southern route.

## DEMOCRATS IN COUNTY MEETING

Convention Held at the Court House Names 10 Delegates to the State Convention

## NO RESOLUTIONS ADOPTED

H. P. Dunn Read the Call, C. D. Johnson Presided as Chairman, J. H. O'Brien Secretary

Peace and harmony prevailed at the democratic county convention held at the court house Tuesday afternoon. No resolutions were adopted, but all favored upholding the principles of true democracy.

No candidate for the presidency was endorsed and an uninstructed delegation of ten was elected to the state convention to be held in St. Paul. H. P. Dunn read the call for the county convention, C. D. Johnson was named chairman and so officiated and J. Harry O'Brien was secretary.

The delegates elected are Louia Bauer and Harry Koop, of Crosby. The rest, all Brainerd residents, are J. E. Bady, Attorney C. A. Ryan, Mayor Con O'Brien, J. Harry O'Brien, H. P. Dunn, C. D. Johnson, A. C. Weber and Jens Molstad.

## JOHN D. SYVERTSON DIED

Staples Boy Suffered From Ruptured Appendix, Operation Unavailing

John Daniel Syvertson, son of Mr. and Mrs. Samuel Syvertson, of Staples, passed away Tuesday afternoon at a local hospital death resulting from ruptured appendix.

Deceased was born in Staples May 18th, 1913, and has lived in that city all of his life. The remains will be taken home Thursday for burial.

It is reported that Harold Knutson, congressman from the sixth district, and candidate for re-election, will not come home before congress adjourns, feeling that it is his duty to be in attendance on account of the important farm relief measures that are now before congress.

If that body does not adjourn in the near future, Mr. Knutson will have no opportunity of meeting the voters before the primary election and will have to depend on his friends to look after his campaign. It is planned, however, to adjourn June 7th, if the present schedule is carried out.

## CURTIS M. JOHNSON TO SPEAK TONIGHT

Republican Candidate for Governor to Speak on Problems of the Business Man

## IS MAN OF MUCH ABILITY

Has Farmed on Large Scale, is President of State Fair Association

Curtis M. Johnson, republican candidate for governor, will speak in the farmers' room at the court house this Wednesday evening at 8:15 o'clock.

Mr. Johnson is a very successful hardware and implement dealer in Rush City, and will speak on the problems of the business man. It is said that he is noted as being the only small business man who has successfully competed with the catalog houses in this state.

He is also a farmer on quite a large scale, conducting a big farm near his home town. He has been president of the state fair association for the past two terms.

Mr. Johnson has the reputation of being an orator of considerable note. He has spoken in all of the states in the union, and has been called back on numerous occasions to speak on economic and business problems on which he is well posted.

The public is invited and urged to hear Mr. Johnson this evening. He will have a message of interest and importance for all.

## APPEAL TO SCIENTISTS AS FINAL RESORT

Cleveland, O., May 28.—If Bishop William Montgomery Brown of Gallion, O., is found guilty of heresy by the tribunal of the Protestant Episcopal church here he will appeal to noted scientists of the world to try his case.

Bishop Brown, charged with heresy for alleged heretical utterances in his book, "Communism and Christianity," published in 1920, went on trial here today before nine bishops.

Bishop Brown, a few hours before his trial, said he had wired several noted scientists, asking them to try his case and that several had accepted. He refused to make public their names.

"If the church throws me out, the scientists shall try me and I will abide by the results," he said.

Bishop Brown's big hope of the trial is that he may put to the bishops who try him, his celebrated list of questions on the virgin birth and miracles of Christ.

## JOHN F. WOODHEAD MADE THINGS ROAR

Meeting of N. E. Brainerd Improvement League Best Ever Held

## DR. R. A. HALLQUIST SPOKE

On Milk and Dairy Inspection Ordinance—80 Dairies Supply Brainerd

The publicity committee of the Northeast Brainerd Improvement League was in error when it stated that John Woodhead and other members of the Rotary club would make things "hum" at the meeting last night—they made things "roar." One of the best meetings ever held by the League was the result of the visit of the Rotarians. They put on a snappy musical program which filled all with "pep" that carried them through a meeting which disposed of important matters in short order.

Dr. R. A. Hallquist spoke on the milk supply of Brainerd in an enlightening and interesting manner.

The speaker told of the filthy conditions existing when he started inspection work in 1921. This was not because the dairy men wanted it that way but because of no knowledge of improved methods of handling the supply of milk. All dairy are inspected at least once every three months and any that do not seem to be able to keep up to standard are inspected as often as once a week and everything possible done to keep the milk and cream supply pure.

All cows are tested and milking equipment and supplies used in handling the milk are examined as well as the milk itself.

When the ordinance was passed there were about 40 dairies, with from one to 40 cows, in operation. Today there are 80 dairies with from one to 80 cows. The inspection department is nearly self sustaining.

Dr. Hallquist is always ready and willing to answer any and all questions pertaining to his work.

A league member enquired if it was necessary to have a license to sell milk in the city from one cow, if kept in the country and was told it was. Then he enquired as to the facts if he put the milk in a pail and the pail in a Ford and drove to Brainerd and upon arrival sold the butter. John Woodhead spoke up and said he would be out to see him in regard to selling him a Ford to be used as a churn.

Scout Executive E. W. Stimple spoke on the work of the Boy Scouts and made an appeal for the drive for funds which is now in progress.

President Dahl called on several of the visitors for short talks and the responses were interesting and varied.

When Mr. Michael was called on to discuss his hobby he gave an interesting talk on flowers and the joy and benefits to be derived from their culture.

George Lowe spoke of the pleasure derived from getting on a job and

## FARRELL COMPARES OLD AND NEW PLAYERS

By HENRY L. FARRELL  
United Press Sports Editor

New York, May 28.—Late in each spring, when a fair test has been applied to all the young phenom graduates to the major leagues, both sides line up for the argument: "Are the new ball players as good as they were ten or fifteen years ago?"

Taking a squint at the early batting, pitching and fielding averages, the side supporting the positive argument haven't much material to convince the veterans, who like to insist that these are poor days on all fields of sport compared to the times that have gone.

Ty Cobb, Tris Speaker, Eddie Collins, Everett Scott, Zach Wheat, Grover Alexander, Walter Johnson, Jack Quinn, Jack Fournier and Jake Daubert, all ten to fifteen year men and better, are still going strong enough to set the pace and to keep youngsters out of their jobs.

With few exceptions, the best players who can be held up as examples of the modern game against the old game are themselves veterans as ball players are judged.

Roush, Sisler, Hornsby, Heilman, Williams, Ruth, Schalk, Dugan, Bancroft, Bigbee and many others who might be held up for favorable comparison with the old stars are really veterans and could be held up themselves as examples to support the argument that the new players are not as good as the old ones.

Taking the liberty of assuming that modern times can be stretched back five years, there is no doubt that the old time days never saw a hitter to compare with Babe Ruth. The Babe offers one positive argument in himself that at least one type of baseball is better today than it was ten or twenty years ago.

As Ruth revolutionized the science and strategy of baseball by making of it a slugging game, so he reduced the possibility of developing players of today that could compare to old stars by eliminating practically all of the science at which the old times excelled.

It must be admitted, perhaps, that there has been no team since the days of the old Baltimore Orioles that could compare to that great team. The game that the Orioles originated and perfected is still being followed by most of the successful managers of today.

Frank Frisch, second baseman for the New York Giants, perhaps is the best young player developed in the past five years. But he has yet to attain the class that will cause old timers to remark: "Remember how Eddie Collins . . ."

Rogers Hornsby, beyond all doubt, is one of the outstanding players of the modern school, but he is not only inferior to Collins as an all-around ball player, but is slipping behind Frisch as a player of general ability.

George Sisler, the perfect ball player, is another exceptional product of the modern times. There is nothing that Sisler cannot do well and, in addition to being a brilliant individual star, he is a great team worker and is showing the talent of a fine manager.

## TITLE NURSERS IN TREPIDATION

By HENRY L. FARRELL  
(United Press Staff Correspondent)

New York, May 28.—Suspension of several champions is expected as the result of another campaign of the New York boxing commission against "title nursers."

The commission lost the decision when William Muldoon made his first attempt to make Joe Lynch and Mickey Walker to fight by ruling them out as champions and setting up new ones in their places.

Walker, welterweight champion, is in bad again because he refused to accept the challenge of Dave Shade, California contender. Walker has no New York license and the commission can't inflict any penalties on him until he applies for a permit to do business in the state.

When Johnny Kilbane was hiding out with the featherweight championship he refused to apply for a New York license and the commission had to sit back and take the laugh when the former champion said it was all a joke and that he didn't want to fight in New York.

The late Jack Bulger, former manager of Walker, promised the commission the welterweight champion would defend his title against any opponent named for him and Shade was appointed. The time limit for the acceptance of the match expired yesterday.

Walker wants to get a big shot with Benny Leonard in New Jersey before he risks his title in a decision bout and as long as he is not in bad with the New Jersey officials he probably will ignore the threats of the

## ONE-EYED CONNOLLY PLANS MORE CRASHES

Dubuque, Ia., May 28.—Declaring that Carpentier has an even chance with Gibbons in their fight May 31, "One-Eyed" Connolly, king of gate crashes, left for Indianapolis today, via side door Pullman.

He will crash the gate, he said, at the international auto race at Indianapolis, Memorial day, and repeat the performance at the Gibbons-Carpentier fight at Michigan City the following day. Connolly came here from the coast a few days ago.

## Canada's Mineral Output

A preliminary report on Canadian mineral output for 1923 shows an advance in value of 16.1 per cent over 1922 and a record production for several items, such as coal, lead, zinc, asbestos and cobalt. The value of minerals produced in 1923 totaled \$214,013,832, compared with \$184,207,242 in 1922, and approach the record value of \$227,859,665 established in 1920. Copper produced amounted to approximately 88,000,000 pounds, more than double the tonnage mined in 1922. Nickel totaled 62,450,000 pounds, as compared with 17,500,000 pounds in 1922. Gold and silver, which were produced in lesser quantities than in the previous year, were valued at \$36,800,000.

## IN THREE DAYS GIBBONS MEETS CARPENTIER

EXPERTS AND BETTING FRATERNITY ARE UNCERTAIN

SENTIMENT WAS DEVELOPED RECENTLY FOR CARPENTIER

By (United Press)  
Michigan City, Ind., May 28.—In three days Georges Carpentier and Tommy Gibbons meet here in their 10-round bout, but the experts and betting fraternity are still uncertain about which scrapper they should entrust with their predictions and money.

A surprising change in sentiment in favor of Carpentier has developed during the past few days. Heretofore sentiment was overwhelmingly in Gibbons' favor. This was due to a number of reasons, chief among them being the memory of his standing off Jack Dempsey for the full 15 rounds in Shelby, Mont., while Carpentier fell in four rounds; the fact that he is a superb boxer and is always trained to a fighting edge, and because he was on display here long before Carpentier's arrival.

Many of the experts are weighing Carpentier's brilliancy as a boxer and famous sleep-producing right against Gibbons' masterly boxing, quick mind and rather light punching ability, pointing out that Carpentier socked Dempsey dizzy before going down, while Gibbons failed to show anything near so strong in his fight with the champion.

There is little betting, and that is at even money.

Carpentier gave a private exhibition for newspaper men yesterday afternoon. He is in the best of shape, and appears even more confident and stronger than when he met Dempsey.

Gibbons also went through a strenuous workout. He appears to be in top form. Gibbons is supremely confident. He has been working steadily and cheerfully, and predicts he will win by a knockout.

Joe Coffey, president of the company handling the fight, announced that due to a misunderstanding over the time of the fight there will be an unadvertised series of four-round bouts starting at 2 o'clock eastern time. The advertised bouts will start at 3 o'clock eastern time, and that should bring Carpentier and Gibbons into the ring about 4:30.

## N. P. BASEBALL TEAM TO PLAY AT CROSBY ON MEMORIAL DAY

The Northern Pacific shop baseball team will open its season with a game at Crosby on Memorial Day.

This promises to be a fast game, for both teams have been putting in a great deal of hard practice and have some good men in their lineup.

The shop team aggregation consists of Moistad, catcher; Stevens and Jones, pitchers; Peterson, first base; Erickson, captain and second base; Uddenburg, shortstop; Collette, third base; Olson, right field; Orman, center field; Ringer, left field; Bowman, Thorkelson and Remeau, substitutes.

The game at Crosby will start promptly at 3:30 o'clock. Local fans are expected to make the trip with the home team and assist them in bringing home the bacon.

Nothing Else but—

An apartment hotel on Woodward avenue advertises suites for high-class bachelors. An unmarried man or thirty-eight snorted when he read the sign. "What other kind of bachelor is there, I'd like to know!" he exclaimed. —Detroit News.

FARRELL COMPARES OLD AND NEW PLAYERS

By HENRY L. FARRELL  
United Press Sports Editor

New York, May 23.—Late in each spring, when a fair test has been applied to all the young phenom graduates to the major leagues, both sides line up for the argument: "Are the new ball players as good as they were ten or fifteen years ago?"

Taking a squint at the early batting, pitching and fielding averages, the side supporting the positive argument haven't much material to convince the veterans, who like to insist that these are poor days on all fields of sport compared to the times that have gone.

Ty Cobb, Tris Speaker, Eddie Collins, Everett Scott, Zach Wheat, Grover Alexander, Walter Johnson, Jack Quinn, Jack Fournier and Jake Daubert, all ten to fifteen year men and better, are still going strong enough to set the pace and to keep youngsters out of their jobs.

With few exceptions, the best players who can be held up as examples of the modern game against the old game are themselves veterans as ball players are judged.

Roush, Sisler, Hornsby, Heilman, Williams, Ruth, Schalk, Dugan, Bancroft, Bigbee and many others who might be held up for favorable comparison with the old stars are really veterans and could be held up themselves as examples to support the argument that the new players are not as good as the old ones.

Taking the liberty of assuming that modern times can be stretched back five years, there is no doubt that the old time days never saw a hitter to compare with Babe Ruth. The Babe offers one positive argument in himself that at least one type of baseball is better today than it was ten or twenty years ago.

As Ruth revolutionized the science and strategy of baseball by making of it a slugging game, so he reduced the possibility of developing players of today that could compare to old stars by eliminating practically all of the science at which the old times excelled.

It must be admitted, perhaps, that there has been no team since the days of the old Baltimore Orioles that could compare to that great team. The game that the Orioles originated and perfected is still being followed by most of the successful managers of today.

Frank Frisch, second baseman for the New York Giants, perhaps is the best young player developed in the past five years. But he has yet to attain the class that will cause old timers to remark: "Remember how Eddie Collins . . ."

Rogers Hornsby, beyond all doubt, is one of the outstanding players of the modern school, but he is not inferior to Collins as an all-around ball player, but is slipping behind Frisch as a player of general ability.

George Sisler, the perfect ball player, is another exceptional product of the modern times. There is nothing that Sisler cannot do well and, in addition to being a brilliant individual star, he is a great team worker and is showing the talent of a fine manager.

TITLE NURSERS IN TREPIDATION

By HENRY L. FARRELL  
(United Press Staff Correspondent)

New York, May 23.—Suspension of several champions is expected as the result of another campaign of the New York boxing commission against "title nursers."

The commission lost the decision when William Muldoon made his first attempt to force Joe Lynch and Mickey Walker to fight by ruling them out as champions and setting up new ones in their places.

Walker, welterweight champion, is in bad again because he refused to accept the challenge of Dave Shade, California contender. Walker has no New York license and the commission can't inflict any penalties on him until he applies for a permit to do business in the state.

When Johnny Kilbane was hiding out with the featherweight championship he refused to apply for a New York license and the commission had to sit back and take the laugh when the former champion said it was all a joke and that he didn't want to fight in New York.

The late Jack Bulger, former manager of Walker, promised the commission the welterweight champion would defend his title against any opponent named for him and Shade was appointed. The time limit for the acceptance of the match expired yesterday.

Walker wants to get a big shot with Benny Leonard in New Jersey before he risks his title in a decision bout and as long as he is not in bad with the New Jersey officials he probably will ignore the threats of the

New York body.

Johnny Dundee was ordered to defend his featherweight championship by accepting a match with Johnny Leonard of Allentown. Leonard, however, was beaten last week by Tony Vaccarelli and Vaccarelli is Dundee's sparring partner. The commission will have to find another challenger.

ONE-EYED CONNOLLY PLANS MORE CRASHES

Dubuque, Ia., May 23.—Declaring that Carpentier has an even chance with Gibbons in their fight May 31, "One-Eyed" Connolly, king of gate crashes, left for Indianapolis today, via side door Pullman.

He will crash the gate, he said, at the international auto race at Indianapolis, Memorial day, and repeat the performance at the Gibbons-Carpentier fight at Michigan City the following day. Connolly came here from the coast a few days ago.

Canada's Mineral Output

A preliminary report on Canadian mineral output for 1923 shows an advance in value of 16.1 per cent over 1922 and a record production for several items, such as coal, lead, zinc, asbestos and cobalt. The value of minerals produced in 1923 totaled \$214,013,832, compared with \$184,297,242 in 1922, and approach the record value of \$227,859,965 established in 1920. Copper produced amounted to approximately 88,000,000 pounds, more than double the tonnage mined in 1922. Nickel totaled 62,450,000 pounds, as compared with 17,500,000 pounds in 1922. Gold and silver, which were produced in lesser quantities than in the previous year, were valued at \$36,800,000.

IN THREE DAYS GIBBONS MEETS CARPENTIER

EXPERTS AND BETTING FRATERNITY ARE UNCERTAIN

SENTIMENT WAS DEVELOPED RECENTLY FOR CARPENTIER

By United Press

Michigan City, Ind., May 23.—In three days Georges Carpentier and Tommy Gibbons meet here in their 10-round bout, but the experts and betting fraternity are still uncertain about which scrapper they should entrust with their predictions and money.

A surprising change in sentiment in favor of Carpentier has developed during the past few days. Heretofore sentiment was overwhelmingly in Gibbons' favor. This was due to a number of reasons, chief among them being the memory of his standing off Jack Dempsey for the full 15 rounds in Shelby, Mont., while Carpentier fell in four rounds; the fact that he is a superb boxer and is always trained to a fighting edge, and because he was on display here long before Carpentier's arrival.

Many of the experts are weighing Carpentier's brilliancy as a boxer and famous sleep-producing right against Gibbons' masterly boxing, quick mind and rather light punching ability, pointing out that Carpentier socked Dempsey dizzy before going down, while Gibbons failed to show anything near so strong in his fight with the champion.

There is little betting, and that is at even money.

Carpentier gave a private exhibition for newspaper men yesterday afternoon. He is in the best of shape, and appears even more confident and stronger than when he met Dempsey.

Gibbons also went through a strenuous workout. He appears to be in top form. Gibbons is supremely confident. He has been working steadily and cheerfully, and predicts he will win by a knockout.

Joe Coffey, president of the company handling the fight, announced that due to a misunderstanding over the time of the fight there will be an unadvertised series of four-round bouts starting at 2 o'clock eastern time. The advertised bouts will start at 3 o'clock eastern time, and that should bring Carpentier and Gibbons into the ring about 4:30.

N. P. BASEBALL TEAM TO PLAY AT CROSBY ON MEMORIAL DAY

The Northern Pacific shop baseball team will open its season with a game at Crosby on Memorial Day.

This promises to be a fast game, for both teams have been putting in a great deal of hard practice and have some good men in their lineup.

The shop team aggregation consists of Melstad, catcher; Stevens and Jones, pitchers; Peterson, first base; Erickson, captain and second base; Uddenburg, shortstop; Collette, third base; Olson, right field; Orman, center field; Ringer, left field; Bowman, Thorkelson and Remeau, substitutes.

The game at Crosby will start promptly at 3:30 o'clock. Local fans are expected to make the trip with the home team and assist them in bringing home the bacon.

Nothing Else but—

An apartment hotel on Woodward avenue advertises suites for high-class bachelors. An unmarried man or thirty-eight snorted when he read the sign, "What other kind of bachelor is there, I'd like to know!" he exclaimed. —Detroit News.

His Guess

"Now, Arthur," asked the Sunday school teacher, "why did Adam bite the apple?"

"Maybe they didn't have knives in those days," answered the youthful philosopher.

So It Seems

Country Doctor—Well, Mr. Sayers, how's the wife?

Mr. Sayers—I thought that was comin'. Anyone 'ould think I never had such things as rain and frost and blight to concern me!—Judge.

AMUSEMENTS

Realism Features Film Production of Belasco Drama

Some critic has said of "The Governor's Lady," the David Belasco play, which William Fox is presenting on the Lyceum screen tonight and Thursday, that "its fidelity to life is photographic." This probably

is the most accurate description that can be given to this picture, which has won the unanimous praise of critics everywhere.

The theme is developed through a series of dramatic sequences identical to situations found in the private and public life of many American politicians. It is the universal appeal and the many human touches in the story that made it a popular stage success and now will delight screen fans.

"The Governor's Lady" will be seen at the Lyceum Theatre tonight and Thursday.

Seven Stronghearts in New Picture

Seven—count 'em—seven Stronghearts appear in "The Love Master," the first National picture which will be the attraction at the New Park on Thursday and Friday.

Strongheart, the wonder dog, himself is the star of the production, and heading the canine cast supporting him is Lady Julie, in private life Mrs. Strongheart, and then there are five sons and daughters of these distinguished parents.
